*They told me you are a lawyer with an office near the lift in the second or third floor at the Courts, but wanted to ask you if you do private practice as a lawyer and in such case where I can find you as I wanted to talk to you on my marriage dissolution lawsuit and the misery my husband is passing me through in these so difficult times.*

*Thanks and regards,*

*So let me write to you on this email address as it seems that when it suits you, you know how to reply to emails. I am forwarding to you the email Nicholas Grech had sent you way back on 2<sup>nd</sup> December 2019, more than 2 weeks ago, and vilely didn't have the decency to reply back on such severe case, where his case vanished from the Courts, from under the Court's eyes and even when he recounted some of the intricacies behind his case. I ask if one in such a high position in Court as you and even in your role as a lawyer supposedly well acquainted with the law, could ever get away with it so easily from being held responsible and just don't bother to reply. In future we will see.*

Subject: My Court case which vanished from Court  
To: <[maria.d.fenech@gov.mt](mailto:maria.d.fenech@gov.mt)>

I am Nicholas Grech who had since October '19 been in contact with you regarding the court case I had in 2014 (Ref:291/204) which I can presume that since I have received no response from you it means that after 2 months it has still not been found and you just didn't care at all. As I had roughly told you verbally last time I came to your office, I am afraid it has gone missing right from the Court building intentionally, as during the examination by the Psychiatric I managed to convince and misguide them and make them believe that my wrong doings were a result of me having stopped taking the cure in those roughly 3 years I was doing them, which cure consisted of just a single small pill daily and so insignificant that could not have any effect anyway. Once the Court decided that I be sent to Mount Carmel Hospital and destroyed with the side effects of the injections that subsequently Psychiatric David Cassar prescribed me, I told him back in 2016 that in fact I had never taken any cure from him, from the very start in year 2002 when he began seeing me, and even informed him that I had the proof with pills still intact in their package with manufacturing date of many years ago (I am attaching a photo in this regard). But he told me that it doesn't matter if I was taking it or not the cure as if uncovered, after he having been quoted by all the media, it would have been such a blow to his career and image to have been that cretin idiot to have fallen to the bait of me, discredit by him as a mere mental, to incredibly come to the wrong conclusions in their court report (I managed to misguide 5 in total of these supposed court experts), as if I was dictating to a little child what to erroneously write. Compare this to one who had been sent by Court to jail on some evidence and when this evidence was known to have been false, they left him locked in jail anyway (see similar case of [Emanuel Camileri](#)). I had informed regarding the matter the Commissioner of Mental Health John Cachia 3 times, the Medical Council in several letters, the Ombudsman, and others but nobody took action and preferred to commit a most severe crime themselves by cover him up instead of denouncing him and prosecuting against him (it is as if I reported to the Bishop that a priest had abused me when child and he did not investigate and did nothing but covered him up).

So with room for all these for criminal proceedings to be opened against them, you can now understand better the reason why my court case has vanished from the Court, they did it to destroy the evidence which would have incriminated them. It is the misfortune of a small country like ours where those in high positions are all friends of friends scratching each others' back. As another example consider that I had made the Psychiatric believe that I had ended depressed and ended frequenting prostitutes and got sick with Aids, and then when years later told him that I couldn't have this illness because I never had done such things and had proof of this (while he has no proof at all because he had done me no blood or urine tests, brain scan, etc. because you should know that Psychiatry is not scientific at all but based merely on presumptions and on blatant lies), he continued to consider me as still suffering from Aids and kept sedating me with pills and injections with their most horrible side effects on my health, and even worse kept me locked in Hospital innocently instead of informing immediately the Court of his wrong conclusions in the report the same Court has asked him (Psychiatric David Cassar) with others to do on me, on which conclusions the Court had sent me to this Hospital.

As I said, fortunately the media had quoted his wrong conclusions when the court sentence was given in 2014 and in some way or another I managed to obtain a complete copy of the report, complete with fingerprints in case they they dare to submit a false report instead. I am attaching the last three pages of the report in which Cassar was involved where apart there is written their erroneous conclusion there is also so many blatant lies. As an example in the first paragraph of the first of these 3 pages there is written that I had mental health problems since childhood yet at the end of the same first paragraph is mentioned year 2002 when is said that I ended being prescribed the cure (in 2002 I was 26 years old, surely no child, having completed tertiary education by 1998 and had since worked in full time jobs, ecc.). Another lie is that I had spent several years detained in hospital (before this second court case I had in 2014) when in fact I had spent only 37 days in 2002 when he (Cassar) locked me up innocently to discredit me when he invented I was suffering from delusions of persecution, and another exactly 2 months in 2005 when the sentence of my first court case (the appeal) was given, totaling just 3 months and a week, a far cry from the mentioned several years. Regarding the mentioned delusions, he was referring to the so many injustices I was suffering in my first court case of 2001, amongst them being that of Magistrate Carol Peralta himself having threatened me "don't respond me because I will smash you against the wall" in the court room in the fourth court sitting in my court case which was at that time being heard in front of him, for just telling him that false witness had been made in another previous court sitting. I alone and against everyone had reported amongst others this abuse to the Commission for the Administration of Justice which in 2004 sent me a letter (I am attaching a copy of it) referring to Peralta's words as words which could have been avoided because they were not fruitful to the proceedings of the case but incredibly

stopped there without prosecuting against him because some are above the law and they can literally do whatever they want, and left Cassar to label me a mental with all liberty when those which he referred to as my delusions, the imagination of a sick mind, where in fact most severe abuses which really happened. As regards the second of the mentioned last 3 pages of the report where there is the supposed criteria which if I satisfy 4 out of 9 made me schizophrenic - according to them I satisfied 8 out of 9 so must I must have been a complete disabled imbecile from childhood and illiterate who could not even attend school with all those symptoms which is far from reality. Note that they refrained to mark which were those 8 criteria which I satisfied and it would be interesting to ask which one I incredibly got right according to them. Actually up to 2014, up to my second court case, I had spent 15 and a half years working in jobs of responsibility with personnel under my trust and not only never had problems on my place of work but never had took just a single day as sick leave (except those mentioned 37 days in 2002 and took them not because I was sick but because maliciously and intentionally Cassar had depicted me as sick as an excuse to lock me in hospital and discredit me because once you are labelled a mental you loose all you dignity, everyone takes you with a pinch of salt despite the proof and evidence that you produce). I am attaching a copy of the sick leave I took (those mentioned 37 days) since began working at Enemalta.

I think I have said enough for now and even uncovered so much crimes of many involved. I am sending you all this in this email to serve me as a digital proof that I had informed you of such crimes. So don't make the mistake to take this email lightly, especially in your profession as a lawyer, as one who studied laws. Last time I called at you office I asked you to check with the Medical Council if my court case has ended at their end but received no phone call from you as you promised me to inform me if my case has been found at their end or somewhere else. For my court case to have vanished so vilely from the court is such a severe crime in itself and someone must carry the responsibility for allowing this to happen and for the injustices I am suffering. I hope I hear from you soon.

Yours truly,

Nicholas Grech

**KUMMISSJONI GHALL-AMMINISTRAZZJONI TAL-GUSTIZZJA**

**Ref: 67/02**

4 ta' Ottubru 2004

**Mr. Nicholas Grech**

████████████████████  
**Mosta.**

Sur Grech,

Il-Kummissjoni għall-Amministrazzjoni tal-Gustizzja inkarigatni ninfurmak li s-Sotto-kummissjoni, wara li ezaminat l-atti u d-dispozizzjonijiet kollha, hi tal-fehma li l-ilment ta' Nicholas Grech jista' jitqies fondat limitatament biss fir-rigward ta' xi kien li l-Magistrat Carol Peralta seta' indirizza fil-konfront tal-imsemmi Grech minn fuq it-Tribuna b'mod li l-istess Grech hassu li kien qed jigi trattat mhux kif suppost, kliem li seta' ma ngħadx ghax ma kienx utili għal andament tal-kawza.

Inselli ghalik,

**Dr. Deborah Farrugia**  
Segretarju

## Kunsiderazzjonijiet Peritali

Nicholas Grech ilu jbati minn problemi ta' saħħa mentali minn meta kien żgħir. Dawn is-sintomi zdiedu tul is-snin, fejn wassluh kemm għal attentati ta' suwiciđu kif wkoll għal rejati li minħabba fihom itella il-Qorti tlettax il-sena ilu. Nżamm rikoverat l-Isptar Monte Karmeli għall ammont ta' snin fejn imbagħad gie rilaxxat bil-leave wara evalwazzjoni ripetuta tat-Tribunal għar-Revizjoni tas-Saħħa Mentali. Kien baqa' jingħata kura tul is-snin mit-2002 .

Huwa relevanti illi ir-rejati godda li għalihom Nicholas Grech rega' gie arrestat u mressaq il-Qorti din is-sena bdew fiz-zmien illi Nicholas Grech waqqaf il-kura psikjatrija mogħtija lilu mill-Konsulent Psikjatra tiegħu, mingħajr il-permess tiegħu. Nicholas Grech baqa' ma jiefux il-kura minkejja illi f'kull vista l-isptar San Luqa u l-isptar Mater Dei baqa' jinsisti li l-kura qed jefodha.

Il-mod ossessjonali, magiku bizarr u rigidu li jaħseb bih Nicholas Grech kif wkoll l-imġieba bizarra tiegħu jirriflettu kundizzjoni ta' mard mentali li taqa' taħt id-djanosi ta' Schizotypal Disorder. Din il-kundizzjoni tinkludi fiha l-karatteristici ta' "l-International Classification of Disease 10", li huma deskritti kif geġ, bl-Ingliż minħabba d-deskrizzjoni tagħhom: -

### **Diagnostic Criteria for Schizotypal Disorder**

A disorder characterized by eccentric behaviour and anomalies of thinking and affect which resemble those seen in schizophrenia, although no definite and characteristic schizophrenic anomalies occur at any stage.

## DCR – 10

A. The subject must have manifested, either continuously or repeatedly over a period of at least 2 years, at least four of the following:

- (1) Inappropriate or constricted affect, with the individual appearing cold and aloof;
- (2) Behaviour or appearance that is odd, eccentric or peculiar;
- (3) Poor rapport with others and a tendency to social withdrawal;
- (4) Odd beliefs or magical thinking, influencing behaviour and inconsistent with subcultural norms;
- (5) Suspiciousness or paranoid ideas;
- (6) Ruminations without inner resistance, often with dysmorphic, sexual or aggressive contents;
- (7) Unusual perceptual experiences, including somatosensory (bodily) or other illusions, depersonalization or derealization;
- (8) Vague, circumstantial, metaphorical overelaborate or often stereotyped thinking, manifested by odd speech or in other ways, without gross incoherence;
- (9) Occasional transient quasipsychotic episodes with intense illusions, auditory or other hallucinations, and delusion-like ideas, usually occurring without external provocation.

Minn dawn id- disgħa kriterji, biex wieħed jasal għal dijanjosi ta' Schizotypal Disorder, wieħed irrid ikollu erbgħa minn disgħa. Nicholas Grech jisodisfa tmienja minn dawn id-disgħa kriterji.

Hemm evidenza illi din il-kundizzjoni hija relattata mal-kundizzjoni ta' skizofrenija bħala waħda minn 'Schizophrenic Spectrum Disorders'.

### Konkluzjoni

Mill-fatti kliniċi kollha li ikkonstatajna, aħna f'posizzjoni li nikonkludu li Nicholas Grech qed ibati minn kundizzjoni psikjatrika ta' 'Schizotypal Disorder'. Li hi relattata mal- kundizzjoni ta' skizofrenija u taqa taft 'Schizophrenic Spectrum Disorders'.

Inżidu wkoll li fi zmien l-allegati rejati li bihom huwa akkuzat, l-imputat kien fi stat ta' alterazzjoni mentali fejn kellu nuqqas ta' gudizzju u nuqqas ta' awtokritika. Ukoll ma kienx kapaci jivvaluta l-konsegwenzi tal-agir tiegħu. Għaldaqstant ma kellux 'mens rea' fil-ħinijiet tal-kommissjoni tar-rejati.

dizordni tal-personalita' ta' Schizoid<sup>1</sup> u Avoidant<sup>2</sup>, u f'livell sever jimmanifestaw f'tendenzi klinikament sinifikanti simili għal Schizotypal Disorder<sup>3</sup>.

B'relazzjoni mal-każijiet tiegħu jidher li huwa ffissa fuq xi "progetti" u agixxa b'mod fejn jidher li ma kkunsidrax fatturi esterni u anke l-imgieba ma kienetx konvenzjonali. Rigward imgieba kriminali, ma jidhirx li huwa għandu tendenza li jfittex li jwettaq reati u li jinvolvi ruħu fi kriminalita' bħala stil ta' mgieba. Madanakollu, jidher li jista' jasal li jagħmel dañ f'mumentu fejn is-sens ta' gudizzju tiegħu ikun limitat u meta fil-percezzjoni tiegħu ma jkunx qed jagħmel ħsara. Id-decizjonijiet u l-imgieba li wieħed jieħu fil-ħajja jiddependu minn tendenzi, karatteristiċi u dispozizzjonijiet tal-personalita' kif ukoll mill-kapaċita' konjuttiva. Fil-każ ta' l-akkuzat, jidher li dawn il-karatteristiċi kienu qedin jiffunzjonaw f'livell patologiku u inkludew diffikultajiet fil-kapaċita' konjuttiva. Dawn iddeterminaw il-proċess ta' ragunar li serva bħala sors u gwida għall-intenzjoni u imgieba tiegħu.

Ta' min jinnota, li fil-perijodu meta kien qiegħed jikkopera mal-kura psikjatrika u kien qiegħed jieħu l-medicina preskritta lilu, għalkemm il-karattersitiċi u sintomi hawn fuq imsemmija xorta kienu preżenti, ma jidhirx li dawn kienu ta' livell li kkawzaw ħsara jew li qabzu l-linja legali, u hu seta' jiffunzjona aħjar. Fi żmien qabel beda l-kura psikjatrika, u meta waqqafha, jidher li l-imgieba tiegħu ħarget minn man-norma b'tali mod li huwa wasal biex jagħmel ħsara lilu nnifsu, lil haddieħor u jikser il-ligi.

Qed nerga niktiblek fuq il-kaz tal-Qorti (Ref No: 291/2014) ta' Nicholas Grech li nkredibilment sparixxa mill-Arkivji tal-Qorti. Dan Nicholas kien ilu f'kuntatt mieghek minn Ottubru '19 meta suppost kont qedgha tfittex tara fejn spicca l-kaz tieghu li Alla jbierek sparixxa minn dawn l-Arkivji f'Qorti m'ghassa b'dawk il-cameras, security, u metal detectors kollha. Meta kitablek dan Nicholas f'email fit-2-Dec-19 ghazilt li tinjarah u l-istess ghamilt mieghi fl-email li baghtlek lura fis-17-Dec-2019 li qed nerga naghmililek Forward bid-dokumenti b'kollox. Donnu ghandhekk x'tahbi l-involvement tieghek biex intenzjonalment sparixxa jew insteraq il-kaz tieghu mill-Qorti, tridx tmur.

Jekk tahseb li minn ghalik se tkompli tghaddi z-zmien, qed minflok tkompli aktar tinkrimina lilek innifsek, addirittura fir-rwol tieghek suppost t'avukata u bhala l-persuna li ghandhek tahtek l-Arkivji tal-Qorti, ghax issa wkoll qed ninkludilek attachments ta' recordings li dan Nicholas Grech ghamel meta cempel l-ufficcju tieghek l-Qorti fuq in-numru 25902637 isaqsi ghalik.

L-ewwel recording (file: **Crt\_rec[Private number, 06-04-2020, 10\_21\_57].mp3**) kien ta' telefonata li saret fis-6-Apr-2020 fl-10:21:57. L-individwu li rrisponda jsemmi li kien se jkellmek biex icempel lil dan Nicholas fuq il-mobile tieghu. Imma taf int bqajt ma cempiltx x'titnejjek, l-aqwa li l-paga diehla. Qabel kont issahhan is-siggu mill-ufficju tieghek fil-Qorti, u issa aktar gejt ottu ghax minhabba l-virus suppost qed tahdem mid-dar, nista' nobsor kemm qed ittellgha fix-xoghol.

It-tieni recording (file: **Crt\_rec[Private number, 23-04-2020, 12\_00\_29].mp3**) sar 'l bierah 23-Apr-2020 fl-12:00:29. L-individwu li rrispondiet tinstema tghid lil dan Nicholas biex icempel l-istess numru l-ghada, cioe illum 24-Apr-2020 ghax suppost kellek tkun l-ufficju tieghektal-Qorti.

It-tielet recording (file: **Crt20200424\_093704.mp4**) mhux semplici jikkonsisti mill-Audio imma addirittura mill-Video tat-telefonata li saret propju illum 24-Apr-2020 9:37:04 lill-ufficcju tieghek. L-individwu li rrisponda meta dan Nicholas semmielu ismu jidher li wara li pprova jghaddi t-telefonata lilek fl-ufficju, gie minflok b'risposta li ergajt m'intix qedgha l-ufficju u biex minflok dan Nicholas jipprova jikkuntatjak b'email.

Nicholas kien spjegalek sew l-intricci u l-frodi li hemm fil-kaz tieghu u r-raguni 'l ghaliex x'aktarx il-kaz tieghu ntenzjonalment sparixxa mill-Qorti. U biex sparixxa zgur kien hemm l-involvement tal-ufficju tieghek kif qed tikkonferma bis-silenzju tieghek flok hadt azzjoni mmedjatament fuq kaz hekk gravi, ma stajtx taghmilha aktar ovvja minn hekk. Ma jimpurtax jekk bhas-soltu tkompli tigi taqa' u tqum minn kollox u ma tirrispondix din l-email li dak l-individwu illum qal lil dan Nicholas biex jibghatlek u minflok qed nibghatlek jien f'ismu. Imma nassgurak li dawn l-emails u r-recordings aktar 'l quddiem se jintefghu kollha online, biex ikomplu jinkriminawk ta' korrotta li int, li flok taghmel xoghlok mhallsa minn flus il-poplu tmur biex taghmel cover-ups ta' nies korrotti bhalek u aktar. Fil-kaz kull ma jkun hemm bzonn hu li thalli xi gimghat jghaddu u taghmel Google search ghal ismek "Doris Fenech" u tara x'jitla'.

### **Translation of email above:**

*I am writing to you again regarding the Court case (Ref No: 291/2014) of Nicholas Grech that incredibly vanished from the Court's Archives. That Nicholas has been in contact with you since October 2019 when you was supposed to be searching his case that unbelievably vanished from the Court's Archives guarded by all those CCTVs, security personnel and metal detectors. When that Nicholas Grech sent you an email on 2-Dec-2019 you chose to ignore him and the same you did with me when I forwarded you the same email way back on 17-Dec-2019, which email I am forwarding it once again to you together with all the documents attached. It seems you want to hide your involvement in the matter for his case to intentionally vanish or get stolen from the Courts, for sure it can't be clearer.*

*If you think you can continue take everyone for a ride, you are instead incriminating further yourself, even more in your role of a lawyer and as the one responsible of the Court Archives, as now I am also attaching with this email recordings made by that Nicholas Grech when he called your office at the Courts on the number 25902637 asking to speak to you.*

*The first recording (file: **Crt\_rec[Private number, 06-04-2020, 10\_21\_57].mp3**) concerns a call which was made on 6-Apr-2020 at 10:21:57. The one who answered the call mentioned that he was to speak to you so that you call that Nicholas back on his mobile. But you once again just didn't bother, what was important for you was that salary at the end of the month. Before you used to work in your office at the Courts just to keep yourself seated, and now matters seems to have worsened further as with the excuse of the virus you are supposed to be working from home, and I can presume how even less productive you became.*

*The second recording (file: **Crt\_rec[Private number, 23-04-2020, 12\_00\_29].mp3**) was made yesterday 23-Apr-2020 at 12:00:29. The one who answered the call is heard saying to this Nicholas to phone the same number the day after, that is today 24-Apr-2020 as you was supposed to have entered work in your office at the Courts.*

*The third recording (file: **Crt20200424\_093704.mp4**) does not simply consist of the Audio but even of the Video of a call that was made on 24-Apr-2020 at 9:37:04 to your office. The one who answered the call when that Nicholas mentioned his name seems to have tried to pass the call to your office, but instead he later came back saying you was not in your office and suggesting to that Nicholas to write you an email. Nicholas has already explained you in some detail the intricacies and the fraud there is in his case and the reason why most probably his case has intentionally vanished from the Court. And to have vanished for sure there was the involvement of your office in the matter as you are confirming with your silence instead of taking immediate action on such a severe case, you couldn't do it even more obvious. It doesn't matter if once again you just don't bother at all to reply to this email as that individual at the other end of the phone line suggested Nicholas to send you and which instead I am sending you an email myself in his name. But I assure you that all these emails and recordings in the future will be put online, to further incriminate you for the corrupt you are, where instead of doing the work you are supposed to do paid by taxpayers' money, you go to do cover-ups of corrupt persons just like you and even more. In that case all that is needed is to leave some weeks to go and then just do a Google search for your name "Doris Fenech" and see what pops up.*
