Case No HV 0019

16 April 2021

Mr Nicholas Grech

E-mail: nicho.grech@gmail.com

Dear Mr Grech

I refer to your e-mail dated 14 April 2021.

As you know, the Court's decision was not taken on the report submitted by Dr David Cassar but on the reports submitted by other experts appointed by the Court.

Regarding the release from Mount Carmel Hospital, you have to ask your lawyer to open a case so that the Court will see whether the decision taken on 26 June 2014 can be reviewed.

Regards

Charles Messina
Commissioner for Health

Yes, I was seen by Psychiatrist Joe Vella Baldacchino yesterday 13-Apr-21. I appreciate the effort from your part. Now what remains is that you in your more authoritative role than me a mere patient investigate yourself or ask Police intervention after Psychiatrist David Cassar has kept me locked despite informing him since October '16 that the conclusion he had reached in his court report in condemning me as a mental was erroneous as in fact I had never taken any pills he prescribed to me from the very start way back since year 2002 as I never had trust in him (see attachments in the original emails I sent you back on 21-Feb-2021). Also his court report contains many blatant lies on me as explained in this link - <https://www.smashyouagainsthewall.com/PsychiatricsReport.html>. Not taking action on these blatant abuses and criminal acts is doing a cover-up to them - a criminal act in itself as already had brought to your attention in emails years ago on several occasions. One day rest assured that the truth will surface and you will be questioned for your inaction as Commissioner for Health.

So why don't you as Commissioner for Health put pressure on the hospital authorities to prevent them from negating me the right to change to Vella Baldacchino before it is too late, before he retires? And will you take action against them for taking so long to inform you or you just serve as a telephone operator relay back innocently what others tell you?

Dear Mr. Grech

I took immediate action. It was only yesterday that I was informed that Dr. Vella Baldacchino is to retire soon.

If you want to stick to him until he retires it's your choice

So why didn't you take action immediately for me to be able to change my consultant to Joe Vella Baldacchino before he retires? Or was it your postponement by over a month to give a reply intentioned and maneuvered intentionally by you to be by then too late to change to this Psychiatrist? And why didn't you take actions on the documents attached in the original email I forwarded to you and kept covering up the blatant abuses of Psychiatrist David Cassar on me and kept refraining from alerting the Police immediately in your more authoritative role than me as Commissioner for Health?
