Attn: Police Officer Timothy Zammit,

FI-2014 kont gejt arrestat mill-Pulizija u foshtom kienu haduli xi CDs li sussegwentament kienu gew ritornati meta ntemm il-process fil-Qorti. Pero wahda mic-CDs thasritli d-data li kien fiha u li xtaqt nistaqsi jekk hux possibli nikseb lura din id-data mill-kopja li x'aktarx zammew il-Pulizija. In-numru fuq ic-CD kien ITS/CW/135/2014.

*In year 2014 was arrested by the Police and amongst others they had taken some CDs which subsequently were returned to me once the sentence was given by the Court. But I have lost the data on one of these CDs and what I would like to ask is if it is possible to recover the data from the copy the Police have at their end. The number of the CD was ITS/CW/135/2014.*

Sur Grech,

Grazzi tal-messaġġ.

Il- Pulizija ma żzommx kopja tal- informazzjoni kollha li tkun pprocessat - speċjalment jekk din l- informazzjoni ma kinitx relevanti għal każ u wara li l- każ ikun ġie konkluz. Kif żgur tista tapprezza huwa diffiċli ħafna li nżommu kopja ta' kollox.

Għaldaqstant, sfortunatament, ma nistgħux inkunu ta' għajnuna.

Tislijiet,

Spettur Timothy Zammit

*Thanks for your message,  
The Police doesn't keep a copy of all the information it processed – especially if this information was not relevant to the case and after the case has been concluded. As you for sure appreciate, it is very difficult that we keep a copy of everything  
As such, unfortunately, we cannot be of any help.*

Qed nerga niehu cans iehor niktiblek fuq l-istess haga. Jien tal-kaz tal-2014 tal-annimali msallba fil-Mosta. Qed nipprova nikteb ktieb fuq il-kaz imma hemm dik l-imsemmija CD (numru: ITS/CW/135/2014) li kienet inghatatli lura meta spicca l-kaz imma whud mid-data li fiha ma nistghax niksebha. Din kienet CD li jien ghaddejt lill-Pulizija waqt l-interrogazzjoni li kien fiha folder bid-dettalji minn fejn kont sibt l-annimali mejta u xi ritratti li kont hadt taghhom fost l-ohrajn. Cioe din is-CD altru li kienet relevanti ghall-kaz u jekk ma zammejt kopja ta' xejn, ta' din zgur li zammejt kopja, jew inkella jkun nuqqas serju min-naha taghkom, u li zgur komplet tikkonvinci lill-Pulizija 'n kwistjoni kemm altru ma kont hqart jew qtilt l-ebda annimal hekk li kelli 3 qtates pets id-dar l-anqas hadd ma ezaminahom jew indenjaw jibghatu lil tal-Animal Welfare biex jinvestigahom. Fil-fatt id-dar ghad fadalli wiehed minnhom ghax kien mietli wiehed fl-2015 meta kont maqful u iehor issa m'hilux fit-3/11/19 meta qed nohrog biss xi jiem leave mill-ispitar fejn ingustament ghandni maqful.

Jekk forsi hemm xi spejjez biex ninghata kopja lest inhallas sakemm ma jkunux xi spejjez ta' barra minn hawn. Nispera biss li din il-kopja ma sparixxitx ukoll mid-Depot bhalma vilment jidher li gralu l-kaz tieghi fil-Qorti fejn ghamilt rikors biex nikseb kopja tar-rapport tal-Psikjatri u meta mort l-arkivji f'Ottubru 19 qaluli li ma sabuhx u s'issa ghadni bla risposta (immagina l-kaz jinsteraq minn taht ghajnejn il-Qorti u kollox jibqa' ghaddej qisu xejn mhu xejn).

**English translation of the email above:**

*I am taking another chance writing you on the same matter. I am the one who had that case of crucified animals in Mosta in 2014. I am trying to write a book on my case but there is that mentioned CD (No: ITS/CW/135/2014) that was returned to me when my case was concluded but some of its data cannot access it. This was a CD I forwarded to the Police during the interrogation that contained a folder with the details from where I had found the dead animals and some photos I had taken of them amongst others. As such this CD for sure was relevant to the case and if you did not keep a copy of anything, of this one you for sure must have kept one, or else it would be a big negligence from your part, and for sure (its data) continued to convince the Police in question even more that I had not harmed or killed any animals to the point that I had 3 cats as pets at home that no one bothered to examine or at least send those of the Animal Welfare to investigate them. In fact at home there still remains one of them as the others had died one in 2015 when was locked and the other one recently on 3-Nov-2019 when I was going out for just some days on leave from Hospital where I am still unjustly locked.*

*If there is any expenses to pay to have such copy I am ready to pay as long as the expenses are not that much. I only hope that this copy didn't also vanish from the Police Depot as vilely has happened with my court case where I had asked the Court to obtain a copy of the report of the Psychiatrists and when I subsequently went at its Archives in October 2019, they told me they didn't find it and till now I remained without reply (imagine your case ending stolen from under the Court's eyes and everything keeps going as if nothing happened).*

Sur Grech,

Grazzi tal- messaġġ. Kif spjegajtlek diġa fil- messaġġ preċedenti tiegħi, il- Pulizija ma żzommx kopja tal- informazzjoni kollha li tkun ipproċessat. Ergajt ivverifikajt mill- ġdid u ninfurmak li m' għandniex kopja tal- informazzjoni li int qed titlob mingħandna.

*Thanks for your message. As I explained already in my previous message, the Police doesn't keep a copy of all the information that it has processed. I have verified once again and can inform you that we do not have a copy of the information that you are requesting from us.*

**Analysis:** Note in particular this sentence I highlighted in red in his reply – with it he is incriminating himself by confirming that he has “*verified once again and can inform you that we do not have a copy of the information that you are requesting from us*”, a “*copy of the information*” which I referred to him in the email to which he is giving this reply as “*this CD for sure was relevant to the case and if you did not keep a copy of anything, of this one you for sure must have kept one, or else it would be a big negligence from your part, and for sure (its data) continued to convince the Police in question even more that I had not harmed or killed any animals ...*”. So logic tells me that he is either a big liar when he said to have verified things when most probably he had verified nothing at all as such information so crucial to the case for sure the Police must have kept a copy of, or else he is that incompetent to not have kept a copy of information which was so crucial to the case. Note also that for the corrupt he is, he didn't bother at all when I mentioned to him in the email to which he is giving this reply that “*I only hope that this copy didn't also vanish from the Police Depot as vilely has happened with my court case*” and “*imagine your case ending stolen from under the Court's eyes.*” Guess that entering the church crypt to just take photos and measurements they vilely frame you up accuse you with having done violation of tombs, but a court case which vanished / was stolen from the court, such a big crime, is business as usual for him to ignore it completely and doesn't mention anything about it, let alone take any immediate action before it is even more too late (it is as if he is indirectly saying, “now that it has been stolen I can't do anything and don't even care about it”) – indirectly with his inaction he is incriminating himself further by doing a cover-up of those involved.  
**It gives you a glimpse of how corrupt and / or incompetent is our Police force considering persons like him occupy such high position within it.**

Qed nibghatlek attachment tat-tieni sqarrija li ghamilt lill-Pulizija fid-19/3/2014 dakinhar stess tal-arrest fejn f'pagna 2 qisu lejn nofsa hemm miktub:

**"L-istqarrija giet mwaqqfa biex ingabru CD u xi mfietah mir residenza ta Nicholas Grech"**

Kif ghidtlek din is-CD kien fiha folder bir-ritratti u nformazzjoni minn fejn kont sibt l-animali diga mejtin. Kienet hekk kruċjali li ghadu jwaqqfu l-interrogazzjoni biex haduni d-dar halli nghaddihom u waqt li kienet ghaddejja l-kumplament tal- interrogazzjoni pprintaw xi files mili kien fiha tant kemm kellhom x'jaqsmu mal-kaz, apparti li kkonvincit lill-Pulizija 'n kwistjoni kemm altru ma hqart u ma qtil ebda animali tant li ma nvestigawx ma ezaminawx l-anqas pet wiehed mit-3 qtates pets li kelli d-dar kif diga ghidtlek.

Issa qed tghili li **"Ergajt ivverifikajt mill- ġdid u ninfurmak li m' ghandniex kopja tal- informazzjoni li int qed titlob minghandna"**, cioe qed tikkonfermali li nformazzjoni hekk kruċjali fil-kaz sparixxit inkredibilment minn taht il-kustodja tal- Pulizija, il-veru mpressionanti. Nifhemek meta l-anqas habbilt rasek li l-file tieghi tal-Qorti sparixxa wkoll, insteraq / gheb inkredibilment minn taht ghajnejn minn taht il-kustodja tal-Qorti. 'Il quddiem nispegalek ahjar x'taf hi r-raguni wara l-ghibien tal-kaz tieghi tal-Qorti tal-2014, jekk jinteressak, imma ghalissa ghadni qed nahdem fuqu.

**English translation of the email above:**

*I am attaching the second Police statement made during my interrogation on 19-Mar-2014 that same day of my arrest where in page 2 somewhere in the middle there is written:*

***"the Police statement was stopped to go get a CD and some old keys from Nicholas Grech's residence."***

*As I told you this CD contained a folder with photos and information from where I had found the dead animals. It was so crucial (to the case) that they stopped the interrogation to take me home to hand it over to them and when they subsequently continued with the interrogation, they printed some files from it as it so much concerned the case, apart that I convinced the Police in question how by far didn't harm or kill any animals to the point that they didn't investigate not even one pet from the 3 cats I had as pets at home as already told you.*

*Now you are telling me that you have **"verified once again and can inform you that we do not have a copy of the information that you are requesting from us"**, that is you are confirming that information so crucial in my case vanished incredibly from the custody of the Police, really impressive. I understand well why you just as well didn't bother at all when I told you that my court case has vanished also from the Court, was stolen incredibly from under the Court's eyes and custody. In future maybe I will explain you better the reason behind the vanishment of my 2014 Court case, if it interests you, but till now I am still working on it.*

Sur Grech,

Grazzi tal- messagg. L-iskop tal- komunikazzjoni tieghek kien sabiex titlob kopja ta' informazzjoni li kienet miżmuma fuq CD li, kif ikkonfermajt inti stess, giet irritornata lilek wara li ntemm il- proċess tal- Qorti. Kif spejegajtlek diga, is- *Cyber Crime Unit* ma żżommx kopja tal- informazzjoni kollha li tkun ipproċessat, speċjalment meta il- proċeduri tal- Qorti jkunu ġew mitmuma. Konvint li tapprezza id- diffikulta biex isir dan.

Għar rigward tal- fajl tal- investigazzjoni tieghek, tista tikkomunika mal- investigaturi tal- kaz peress li s- *Cyber Crime Unit* ma jkolliex aċċess għal dan peress li r- rowl tagħna huwa li nagħtu assistenza teknika. Jista jkun li l- *print outs* li qed

talludi għalihom ikunu hemm. Ser ikun qed ngħaddi dan il- messaġġ lill- Ispetturi li kienu nvoluti sabiex jkunu jistgħu jivverihaw jistgħux jgħinuk.

Tislijiet,

Insp. Timothy Zammit

**English translation of the email above:**

*Thanks for your message. The intention behind your communication was to obtain a copy of the information that was held on a CD, that you confirmed yourself, had been returned to you after your court case finished. As already explained, the Cyber Crime Unit doesn't keep copies of all information that it had processed, especially when the Court Proceedings have been terminated. I am convinced you can appreciate the difficulty for this to be done.*

*Regarding your [Police] investigation file, you can communicate with the investigators of your case as the Cyber Crime Unit doesn't have access for this as its role is to give technical assistance. It could be that the print outs you are mentioning are there. I will be forwarding this message to the Police Inspectors that were involved to check if they can help you.*

Note how in the email he sent me on 18<sup>th</sup> April 2019 he said that:

*"The Police doesn't keep a copy of all the information it processed – **especially if this information was not relevant to the case and after the case has been concluded.**"* – so from his wording one would have expected that if it was relevant to the case they would have kept a copy.

But now in this email of 30<sup>th</sup> January 2020 he is saying that:

*"The Cyber Crime Unit doesn't keep copies of all information that it had processed, **especially when the Court Proceedings have been terminated.**"* – so now he ended contradicting what he said before, since it now seems they do not keep a copy **EVEN** if it was relevant to the case once *"**the Court Proceedings have been terminated.**"* Rest assured that despite changing his version, what he stated originally holds true, namely the Police for sure keep a copy if it was relevant to the case. Would you imagine the Police to be even that incompetent to prefer the printed version to a digital copy of photos stored on the mentioned CD to be able to see them at higher resolution and clarity digitally?

As regards to the last part of the email in which he is saying that he will be forwarding the email to the Police Inspectors that were involved, guess how much *"they can help"* me when I told him that the data there was on the mentioned CD *"continued to convince the Police in question even more that I had not harmed or killed any animals"*. Instead in this way he is doing them a blatant cover-up, informing them beforehand of this point I highlighted to him so that they might consider destroy that evidence before it is too late. Didn't he say before that he had verified that they had not kept a copy and now trying to make me believe they just dump everything once *"**the Court Proceedings have been terminated.**"* **Guess the reason behind such play on words.**
