Prosit tat-tahdidiet bis-sens li taghmel. Jekk tistghax xi darba taghmel program fuq il-vittmi tal-Psikjatrija (ara link minn website li ghamilt <https://tinyurl.com/ntkrry3t>). Ghadni kif gej minn 30 gurnata restriction of freedom of communication order (rofoco, ara attachment), it-3 wahda li qlajt fi zmien sena, fejn haduli l-mobile biex ma jkollix acces mad-dinja ta' barra, xejn internet u ftit minuti kuljum kemm inkellem lil tal-familja. Dan ghax kont waqaft niehu s-suppost kura kif ittini d-dritt naghmel il-mental health act artiklu 3.1.i (fittex google: mental health act malta) ghal aktar minn xahar u minkejja li whud mis-sintomi tal-biza ta' din il-kura waqfu wara xi jumejn u minkejja li baqghu qatt ma hargu s-sintomi tal-bizibilju ta' mard mentali gravissimu li ttimbrawni bih minghajr l-icken bazi xjentifika, xorta sfurzawni niehu din il-kura djabolika u harguli din l-ordni ghal xahar kontra l-mental health act artiklu iehor 3.1.r li jghid li pazjent ghandu jkollu "free and unrestricted communications with the outside world ...". Iz-2 rofoco l-ohra ta' qabel kienu harguhomli ghax irrapurtajt staff lic-CEO jaghmlu lejli shih reqdin bil-clinic maghluqa flok jiehdu biss saghtejn break li huma ntitolati ghalih (ara link li baghtlek, kwazi isfel nett hemm videos taghhom). Flok hadu passi dixxiplinarji kontrihom, pattewa lili billi harguli dawn ir-rofocos, trasferewni f'wards ohra b'inqas liberta, u fit-2 rofoco rritornawli l-laptop bl-iscreen mkisser, kelli nonfoqlu eur140 biex irrangajtu, u wara ma hallewnix indahhlu u nuzah aktar, halli ma jkollok x'taghmel xejn aktar ikissruk. Din l-attachment tal-ahhar rofoco ghadni ma uploadajtix fil-website ghax nibza b'riperkussjonijiet (fil-fatt dawn huma mod sottili biex jintimidaw il-pazjenti halli aktar jabbuzaw minnhom bil-liberta kollha, jodulek il-vuci biex ikollok tibqa' tbatu fis-silenzju u fil-biza li taqla xi vendikazzjoni ohra). Kieku ktibt l-icken haga mhux vera fil-website li ghamilt li issa ilha aktar minn 3 snin wieqfa (minn Apr 2018), kieku ilhom li kissruni bil-libelli.

Iva qieghed l-isptar Monte Carmeli fejn ilni aktar minn 7 snin maqful fuq ordni tal-qorti. Ma nafx kif ghadni ma ggennintx, bejn bis-side effects tal-kura, bejn bl-ingustizzji u bit-tortura psikologika li jghadduk minnha, etc. Dan it-2 kaz li kelli l-qorti nstema quddiem Peralta, liema magistrat suppost l-ewwel maghmel irrikuza ruhu milli jkompli jisma l-kaz ghax fl-ewwel kaz kont irrapurtajtu lill-kummissjoni amministrazzjoni tal-gustizzja ghax kien heddidni li jsabbatni mal-hajt u tort t'hekk lili kienu gabuni tal-mentali biex jiskreditawni u lulu salvawlu karriera (l-unika passi li forsi hadu kontrih li geghluh jezilja ruhu jmur ghal xi snin magistrat barra fil-kosovo). Filli kont engineer nikkmanda bin-nies tahti, u filli gabuni tal-imbecillat li l-anqas jistghu jafdawni barra (qabel il-covid kont nohrog ffit sieghat leave) jekk ma jkunx hemm ohti ghassa tieghi - dik hi l-Psikjatrija, tiehodlok id-dinjita kollha tieghek u ma jibqa' xejn minnek.

Tislijiet

Qalu li ghandi deluzionijiet ta' persekuzzjoni, schizophrenia, paranoid psychosis, mental alteration u dopamine nieqsa minn mohhi, kollha minghajr l-icken bazi xjentifika tghid originaw minn xi test tad-demem, awrina, x-ray, brain scan, etc. Dan qisu gabuni li kont bniedem zopp, meta fl-istess zmien kont footballer professjonali, nahdem t'engineer bin-nies tahti u qatt ma kont hadt gurnata sick leave fi 15 1/2 snin li domt nahdem sat-2 arrest fl-2014 hlief 37 jum konsekuttivi fl-2002 meta Peralta u l-Psikjatra David Cassar qafluni f'Mount Carmel biex jiskreditawni. L-ewwel kaz tal-qorti kien fl-2001, it-theddid ta' Peralta fuqi sar fl-4-2-04 waqt seduta, u fl-12-6-02 qafluni l-ewwel darba Mount Carmel wara li jien insistejt li jekk se jiehdu passi kontrija, jridu jiehdu passi wkoll kontra fosthom Peralta. Lili gabuni tal-mentali biex salvaw karriera lil Peralta. Inqatghet is-sentenza tal-ewwel kaz fl-2005 minn Consuelo Scerri Herrera (Peralta kien mar magistrat il-Kosovo, taf kellu jezilja ruhu hemm ghax kont irrapurtajt lill-kummissjoni amministrazzjoni tal-gustizzja) u ghamilt xahrejn ohra maqful l-isptar u hrigt bil-leave kemm immur ghall-appuntamenti kull tant zmien l-isptar. L-ewwel kaz tal-qorti kellu riperkussjonijiet fuq it-2 kaz tal-qorti tal-2014, u kif kont konvint li se jergghu jgibuni tal-mentali (n-stema quddiem l-istess magistrat Peralta u kienu nvoluti fosthom il-psikjatra David Cassar mil-gdid) tajtom il-lixka biex jikkundannawni ta' mentali fuq fatti skorretti billi bellajtilhom li ghemili kien ghax waqaft niehu l-kura fic-cirka 2 1/2 snin qabel l-arrest meta fir-realta qatt ma kont hadt kura fi 12-il sena mill-bidunett, ghax dawn jippretendu li jaqrawlek mohhok meta fir-realta lanqas biss huma kapaci jindunaw jekk intix qed tigdbilhom, twaqqagghom ghal-lixka. Darba maqful mill-gdid l-isptar u din id-darba mkisser bl-injections b'side effects tal-biza (bhal parkinsonism u mpotenza) fl-2016 qeghd l il Cassar b'din il-konkluzjoni zbaljata taghhom izda biex ma jaqghax ta' nkompetenti, flok fetah il-kaz mill-gdid, hallini maqful xorta u baqa' jkissirni b'pirmli u njections biex jillupjani bihom jaghmilha aktar difficli nikxfu filli nkun qed nitkellem u filli nieqaf f'nofs sentenza ninsa xi nkun qed nghid. Irrapurtajt lil diversi entitajiet imma ghalxejn ghax hawn Malta nies f'pozizzjoni gholja kollha ssibhom hbieb ta' xulxin, wiehed ihokk dahar l-iehor.

L istorja tieghek tfakkarni f kas iehor recenti ta wiehed Portelli li ghaddewh ta marid mentali ghax beda jakkuza lil Muscat. U issa kliemu sehh. Din Haga gravi hafna. Li nista naghmel hu li niddiskuti s sahha mentali u nzommha generali ghax ma jmurx ikomplu jghaxxquk. Anzi qed niskanta kif irnexxielek tikkuntattjani imma mn alla. Grazzi talli avdajtnei. Nara x nista naghmel ghax issue tahraq u hadd mhu jati kasha

Rigward l-artiklu fuqi Nicholas Grech li ghadhom kif tellghu f'xi websites tal-media, nitobok tara x'ghandi xi nghid minn website li ghamilt u l-abbuzi li kelli nsofri (<https://tinyurl.com/ws3ru7r3>). Mhux fair li jgibu li jaqbel naha waha biss. Kieku ktibt xi haga li mhux vera fil-website, kieku ilhom li kissruni bil-libelli.

Jien il-media li sibt contact taghhom ghadni kif ktibtilhom ukoll imma hemm bzonn li ssir pressjoni. Tista' timmagina xi hadd jaghmel website isemmiha ghall-kliem li heddidni bih magistrat, u dan l-istess magistrat ma jiehux passi kieku shilt ivvintajt l-icken haga li mhux veru - kieku min jaf kif kissruni tielgha u niezel il-qorti u x'kaz jifthuli, bil-qorti l-ghalqa taghhom. Ma hadux passi ghax jafu li ma jistghux iwaqqghu l-evidenza u dokumenti iswed fuq l-abjad li ghandi f'idejja. Biss biss it-2 kaz li kelli l-qorti tal-animali ma kellu qatt jinstema quddiem Peralta ghax f'kaz iehor li kelli quddiemu mat-13 il sena qabel, kont irrapurtajt lill-kummissjoni ghall-amministrazzjoni tal-gustizzja u nemmen li biex kien evita l-ingombru lill-kummissjoni li tkeccih, kellu jmur jezilja ruhu jmur ghal xi snin magistrat il-Kosovo.

Qed naqra x qed jghidu. Il bicca tal magistrat hallewha barra forsi ghax jibzghu mil libell imma imbaghad kif ghidt int il magistrat seta tella lilek direttament fuq libell. Jista jkun li qed ikunu kawti mal magistrat ghax appuntu magistrat

Is-soltu mpunita sfaccata, flok mal-politici, ma nies f'pozizzjoni gholja u ila gejjja minn dejjem minn zmien in-nazzjonalisti. Kieku ktibt xi haga mhux vera fil-website u mbaghad fuq magistrat, kieku mhux kaxkruni tiela w niezel il-qorti, bil-qorti l-ghalqa taghhom. Ma hadux passi kontrija ghax jafu li ma jistghux iwaqqghu l-evidenza u dokumenti li ghandi f'idejja.

L-anqas ma semmew li minkejja li l-Psikjatra David Cassar infurmajtu li l-konkluzjoni fil-perizja tal-2014 li wasal ghalha hu flimkien ma ohrajn kienet zbaljata, li ma kienx kaz ghax kont waqaft niehu l-kura ghax fil-fatt qatt ma kont hadt xejn mill-bidunett mill-2002 ghax qatt ma kelli fiducja f' Cassar wara l-abbuzi li ghamel mieghi mill-bidunett, u flok fetah il-kaz mill-gdid, biex ma jaqghax ta' nkompetenti li kien waqa ghal-lixka tieghi meta kont bellghajtilhom li ghax waqaft niehu l-kura, minflok hallini maqful u baqa' jkissirni b'pirmlu u njections b'side effects tal-biza u taf permanenti fuq sahhti. Dan qisu wiehed hallewh maqful il-habs fuq xhieda falza.

Daqshekk nies f'pozizzjoni gholja hawn Malta jaghmlu li jridu, jibzghu jsemmulhom l-abbuzi taghhom minkejja l-evidenza, u mpunita galor jigu 'l fuq mil-ligi u minn kulhadd jibqghu jaghmlu li jridu bil-liberta kollha u miskin jien il-vittma. Il-website dahlu fiha mijiet ta' nies fuq medda ta' zmien izda hadd minnhom ma talab biex issir investigazzjoni mill-Puluzija jew jinhatar xi magistrat inkwerenti jinvestiga hu. Daqshekk ahna poplu li joqghod ghal kollox u sakemm id-disgrazzja u l-isfortuna ma taqghax fuqu, ma jhabbel rasu xejn.

Jekk forsi tista' titlob l-awtoritajiet jinvestigaw dak li allegajt fil-website, napprezza, bhal forsi tintalab li ssir inkjesta magisterjali, qabel ikompli jkissruni bil-kura tal-biza li qed jisfurzawni niehu.
