Subject: Xoghlijiet illegali u bla permess fl-istptar Monte Carmeli H'Attard

Qed nibghatilkom din l-istampa ritratt **MCHospital.jpg** mill-Google Earth tal-isptar Monte Carmeli f'H'Attard bil-partijiet fejn x'aktarx **QED ISIR XOGHOL ILLEGALMENT** minghajr ma saret applikazzjoni ghax-xoghol quddiem il-PA, immarkati bil-kulur, u li

qed naghmel riferenza ghalihom hawn taht kull meta nsemmi xoghol illegali bla permess fit-tali blokka li tidher immarkata bit-tali kulur fl-istampa mill-Google Earth.

Fil-parti tan-nofs bejn wiehed u iehor fuq kull naha hemm zewg blokki identici immarkati wahda bl-ahmar car fuq ix-xellug u l-ohra bil-blu fuq il-lemin. Dik blu tikkonsisti f'M(ale) W(ard) 3A fl-ewwel sular u MW3B fit-tieni sular. Peress li hemm dizlivell fl-art, aktar ma tersaq lejn il-lemin lejn il-wied, aktar l-art titbaxxa, u allura taht MW3A fuq il-parti tal-lemin hemm erga sular iehor taht fejn hemm diversi garaxxijiet / stores, l-ufficini li kienu tal-Outreach (kantuniera fuq lemin ta' din il-blokka) u bhal speci parti ohra tikkonsisti f'Arkivji (parti ta' fuq ta' din il-blokka) b'diversi dokumenti li taf imorru lura sa mill-1950s kollha mgerfxin flok wara xulxin sena wara sena. Lejn Novembru '19 nehew il-pazjenti kollha minn din il-blokka ghax xi perit frodista **MINGHAJR MA GHAMEL STUDJU KIF SUPPOST** iddikjara **falsikament u frodament** li s-saqaf ta' MW3B se jaqa' u allura flok iddecidew li jirrangawh kif ghamlu jew behsiebhom jaghmlu bnadi ohra, sempliciment jibdlu dik il-parti tas-saqaf (propjament m'hemmx ghalfejn jibdlu s-saqaf imma sempliciment jizbghu x-xibka fejn faqqghet u jkahlhu mill-gdid b'materjali apposta) iddecidew malizjozament li jwaqqghu l-blokka kollha, 3 sulari b'kollox, ara x'hela ta' rizorsi (il-wards involuti flimkien kienu jesghu xejn anqas minn mat-80 pazjent) u sparpaljar sfaccat ta' flus il-poplu (immagina tigi tghid li twaqqa' nofs dak li kien l-isptar San Luqa mill-pedament ghax jivvintaw li f'parti minnu ghandu sempliciment il-bejt qed icedi). Allura darba bdiet is-sena 2020 bdew b'rankatura akbar, illegalment ikissru kemm jifilhu minn din il-blokka l-blue u fosthom **illegalment bdew jaqlghu t-twieqi tal-aluminium**. Fir-ritratt **MW3A_3B.jpg** mehud lejn tmiem Jannar 2020 tidher din il-blokka fil-punt fejn kienu qalghu l-aluminium mill-MW3B u dan l-aluminium jidher ippustjat barra mal-hajt (l-aluminium li kien hemm fis-sala ta' taht MW3A kienu erga ilhom li qalghuh u garrewh). Jekk tigu issa (tmiem Frar 2020) taraw li dawk l-ispeci ta' hadid fit-twieqi fis-sular ta' fuq (MW3B) qalghuhom ukoll. Dan kollu **QED ISIR ILLEGALMENT** ghax ma sibt l-ebda applikazzjoni fuq il-PA Mapserver biex jinqalghu t-twieqi / bibien u jsir xoghol ta' tkissir f'din il-blokka (**u l-anqas qatt twahlu applikazzjonijiet tal-PA mal-hajt tal-isptar biex isir xoghol bhal dan u ohrajn**). Ukoll xhur qabel lejn Settembru / Ottubru 2019 kienu gabu 2 containers u tefghuhom barra din il-blokka kif jidhru immarkati 1, 2 fl-istampa mill-Google Earth u f'ritratt **Containers.jpg** (f'dan ir-ritratt mehud lejn nofs Jannar 2020, is-sular ta' fuq jidher ghadu bit-twieqi tal-aluminium – tistghu ticcekjaw meta fil-fatt ingabu l-containers billi ticcekjaw meta bdew il-hlasijiet li l-isptar qed jaghmel lis-sidien tagghom). Lejn Frar 2020 gabu 2 containers ohra u tefghuhom wiehed in-naha l-ohra tal-parking area u l-iehor fit-triq fejn hemm tat-Transport, immarkati 3, 4 fl-istampa mill-Google Earth. Ma dawn zied container iehor li hemm fuq il-lemin ta' din il-blokka blu, immarkat 5 fl-istess stampa, u li ilhu addirittura snin mitluq hemm nofsu vojti u tant hu hekk li minn din l-istess stampa li hadt tal-Google Earth bl-Imagery tal-2016 jidher li kien diga fil-post. Dawn il-containers, issa 5 b'kollox, taf **UKOLL TPOGGEW ILLEGALMENT MINGHAJR AWTORIZZAZZJONI** mill-PA u apparti li bihom qed abbuзивament jiehdu l-ispazju tal-parkegg, qed ukoll ikerrhu l-ambjent u vilment jokkupaw spazju pubbliku. Jezistu 2 containers ohra immarkati 6 u 7, li jista' jkun ukoll qedghin hemm bla permess, it-tnejn x'aktarx biex izommu l-ghodda tal-haddiema li qed jaghmlu x-xoghol f'FW2 (il-blokka mmarkata bl-isfar) u f'FW3B (il-blokka mmarkata bl-ahmar car). U mbaghad bniedem komuni jekk igib semplici crane biex jaghlaq parti mit-triq ghal-nofsanhar kollox irid joqghod

ihallas ghall-permess u giri 'l hawn u 'l hemm minn ufficju ghall-iehor, ecc., imma dawn l-awtoritajiet tal-isptar jigu jaqghu u jqumu minn kulhadd u vilment jaghmlu hekk sfaccatament li jridu u jigu 'l fuq minn kwalunkwe ligi, x'jimpurtahom.

Madwar din il-blokka immarkata blu hemm immarkati 4 slaleb fejn saru 4 floodlights **GHAL DARB'OHRA ILLEGALMENT U BLA PERMESS**. Li gara, darba qatghu s-sevizz tal-elettriku f'din il-blokka, taf lejn id-9/1/2020, xi jiem wara, ghamlu dawn il-floodlights fil-postijiet immarkati biex darba jaqa' l-lejl jifgħu d-dawl fuq din il-blokka (ara ritratt **Floodlights.jpg** – fejn hemm dik immarkata 3 mal-arblu mal-kantuniera tal-kamra mortwarja jidhru l-ahhar 2 mill-containers li ngabu illegalment ricentament, waqt li f'dak immarkat 4 tidher ix-xarabank li thalliet mitluqa fil-post bil-licenzja tagħha ilha li skadiet minn Gunju 2011 – ara aktar 'l isfer għall-informazzjoni fuqha). Tant hu hekk li jekk tidhol bil-Google Earth dawn il-floodlights ma jidhru, ghax ovvjament ghadhom kif saru ftit aktar minn semplici xahar ilu. Issa ngħid jien, nista' naqbad u narma floodlight fuq il-bejt biex tagħti dawl fuq il-faccata tiegħi u ma ninfurmax il-PA u addirittura f'postijiet fejn ikunu jidhru mit-triq? Min jaf x'tagħmluli kieku u dawn għal wahda ghamlu 4, kollha bla permess x'jitnejku minnkom u min kulhadd. Ukoll fejn hemm dak is-salib li hu ftit bogħod mill-container immarkat 3 fl-istampa mill-Google Earth, hemmhekk hemm bieb tal-kamra mortwarja, li jigi l-eqreb lejn dik il-kantuniera, li sa xi sena sentejn ilu kien tal-injam bil-muftieh originali kollox a la antika (tistgħu ssaqsu lil tat-Transport tal-isptar għal xi nformazzjoni fuqu li għandhom l-ufficju bieb il-bogħod). Minn dak iz-zmien 'l hawn dan, **GHAL DARB'OHRA ILLEGALMENT U BLA PERMESS** bidluh u għamluh tal-aluminium kif jidher illum. Issa nista' jien nibdel il-bieb tal-injam fil-faccata naqbad naghmlu stil u materjal għal kollox differenti tal-aluminium mingħajr ma ninforma lill-PA? Ma tarax.

Issa nigu għall-blokka hamra car msemmija qabel fl-istampa mill-Google Earth, dik li hi identika mal-blokka blu li għadni kif ktibt fuqha. Fin-nofs ta' blokka blu jidher gnien, waqt li fin-nofs ta' blokka hamra car tidher mwittija bil-konkos bi ftit rqajja' vera zghar bil-hamrija. Skont Google Earth almenu sal-2009 din kienet għada gnien ukoll. Din il-qerda vilment ta' gnien minn xi njarant kretin li ma jafx japprezza s-sbuhija tan-natura biex twitta bil-konkos x'aktarx **SAR UKOLL ILLEGALMENT** ghax għal darba ohra ma sibt l-ebda applikazzjoni fuq il-Mapserver (fosthom biex titnehha hamrija mill-post, ecc.). Din il-Blokka hamra cara tikkonsisti fl-ewwel sular maqsuma bejn zewg wards – Half Way House u F(emale) W(ard) 3A, u l-blokka vojta fit-tieni sular suppost isibuha FW3B. Il-problema hi f'din FW3B fejn sforz l-inkompetenza tal-awtoritajiet tal-isptar li ma jafux xi tfigħer logistika u ppjanar, jidher li kienu qabbd u l-ewwel il-kuntrattur biex ipoggi l-madum qabel ma qabbd u l-plumber biex jgħaddi l-pajpijiet tal-ilma / dawl / ecc. (x'aktarx xogħol ta' ristrutturar li kien **SAR UKOLL ILLEGALMENT** mingħajr permess snin ilu) bir-rizultat li spicaw kellhom jergħu jaqlghu kollox u għal diversi zmien (forsi ghax kienu laħqu hlew il-fondi li kienu allokati għal din FW3B – il-veru *money down the drain* sa l-anqas centezmu) spicaw kollox abbandunat u x-xogħol wieqaf. Dan wassal biex beda diehel l-ilma mis-saqaf mill-bejt bil-konsegwenza li meta sa fl-ahhar xi hadd indenja jagħti titwila, mhux talli kienet laħqet faqqgħet ix-xibka talli jidher li kien se jaqa' s-saqaf ghax spicaw kellhom jagħmlu diversi travi kbar tal-hadid għal wiehed tnejn tlieta u taf aktar biex izommuh milli jaqa'. Dawn jidhru fir-ritratt **FW3B.jpg** u **GHAL DARB'OHRA DAWN JIDHER LI SARU LLEGALMENT** ghax ma tidher l-ebda applikazzjoni

ghal dan ix-xoghol massicc fuq il-Mapserver. F'dan ir-ritratt fejn jidhru dawn it-twieqi mal-istess hajt imma fit-tarf l-iehor hemm tieqa li **GHANDHA ILLEGALMENT L-PARTI T'ISFEL MAQLUGHA** minn fejn kien u ghadu jiddahhal materjal biex isir ix-xoghol **BLA PERMESS**.

Issa nigu ghall-aluminium li semmejt qabel li qalghu mill-blokka mmarkata blue. Dawn qed **ILLEGALMENT** iwahhluh f'din FW3B kollox minghajr permess. Fil-fatt jekk tigu issa, dawh li f'ritratt **FW3B.jpg** jidhru twieqi vojta (u kif anki jidhru fil-Google Earth Imagery), issa tarahom bit-twieqi tal-aluminium mwahhlin. Issa bniedem komuni anki jekk sempliciment ifettillu jaghmel is-solar panels fuq il-bejt irid japplika ghall-permess u Alla hares sempliciment jibdel il-kulur tal-gallarija jew tat-tieqa tad-dar tieghu fil-faccata ghax taghmlulu hajtu nfern mhux talli timmarkawhielu bl-ahmar fuq il-Mapserver biex ma nsemmux il-multi u addirittura taf tifthulu xi kawza l-Qorti, u dawn ufficjali pubblici / Amministrazzjoni ta' sptar tal-Gvern suppost jaghtu l-ezempju, Alla jbierek jaghmlu xoghol strutturali minghajr permess u illegalment u jaqlghu t-twieqi minn post u jwahhluhom post iehor fost l-ohrajn u kollox ghaddej qisu xejn mhu xejn u minn wara dahar il-PA u kollox suq ghax sebah, bhas-soltu vilment jaghmlu li jridu u jiksru l-ligi galor.

Fl-istampa mill-Google Earth, fejn din il-blokka l-hamra, tidher fuq il-lemin taghha blokka mmarkata bl-isfar, FW2. Fiha qed isir xoghol fosthom bini ta' kmamar u bdil ta' soqfa u qed jghaddu s-sistemi tad-dawl u ilma u ohrajn. Il-bini ta' kmamar saru fil-parti isfel xellug (ta' din il-blokka mmarkata bl-isfar, ritratt: **FW2_NewRooms.jpg**) waqt li l-bdil ta' soqfa qed isiru fil-parti safra tal-lemin (ritratt: **FW2_NewRoof.jpg**). Jista' jkun li din hi applikazzjoni [PA/03470/19](https://www.pa.gov.mt/PA/03470/19) u jekk dan taf dan ix-xoghol hu kopert minn permess mill-PA – **LI SAR ILLEGALMENT HU LI X-XOGHOL KIENT ILU ZMIEN LI BEDA FERM QABEL DICEMBRU '19** meta fil-fatt hareg il-permess tal-PA, fosthom kien ilu li sar it-twaqqigh tas-soqfa koncernati, bini ta' kmamar, u bdil fis-sistemi tad-dawl, ecc. (video li ghandi fil-pussess tieghi datat li ttiehed fit-28/12/19 is-Sibt fis-13:13 juri li dan ix-xoghol kien ga sar – forsi tistghu taslu ghal meta fil-fatt beda x-xoghol billi ticcekjaw meta bdew il-hlasijiet mill-isptar lill-kuntrattur koncernat - apparti dan bhalma illegalment ghamlu xoghol bla permess fosthom f'FW3B, il-logika tghidlek li mhux se jahsbuha darbtejn biex jibdew bix-xoghol illegalment bhal dan qabel fil-fatt ikun hareg il-permess). Fejn din il-blokka mmarkata bl-isfar, tidher blokka taht mmarkata bl-ahdar li wkoll **JIDHER GHADDEJ DIVERSI XOGHOL ILLEGALMENT** fosthom bdil tas-sistemi tad-dawl u ilma u ohrajn u taf partitions ta' kmamar jew ftuh ta' aperturi (ara ritratt: **MW7_Additions.jpg**).

Aktar 'l isfel fuq ix-xellug fl-istampa mill-Google Earth tidher dik il-parti mmarkata roza, FW7. Fiha jidher li ghaddej xi xoghol, possibilment xejn illegali semplicement tikkil u zebgha ta' hitan imma taf ghaddej xi xoghol gdid illegali fis-sistemi tad-dawl u ilma u ohrajn (ara ritratt **FW7.jpg**).

Fuq il-lemin tal-isptar kwazi mal-hajt ta' barra, f'dik il-parti mmarkata bil-kulur wine fl-istampa mill-Google Earth, hemm sala Victor Vassallo fis-sular ta' taht u sala MW2 fis-sular ta' fuq (ara ritratt: **BlokkaMW2.jpg**). F'Sala Victor Vassallo kien qed isir xoghol ta'

ristrutturar bhal bdil tas-sistemi tad-dawl u ilma, nstallazzjoni tas-sistema tal-arja kundizzjontata, toilets godda, ecc. (ara ritratt: **SalaProfVicVassallo.jpg**). Fis-sala ta' fuq MW2 fl-istess zmien kien ukoll ghaddej diversi xogholijiet sakemm wara li kienu lahqu nefqu diversi flus u smajt li anki kienu nstallaw kcina gdida f'din is-sala u fis-sala ta' taht, xi gharef irrejalizza li s-saqaf ta' din il-ward MW2 hu kundannat qed jaqa' u x-xoghol waqaf kollox hesrem kif ilu diversi snin issa (nispera li saru t-testijiet kif suppost mhux xi perit falsament u frodament ikkundannah bhalma ghamel dak ta' MW3B msemija qabel). Ix-xoghol li kien lahaq sar ghal darb'ohra **WISQ PROBABI SAR ILLEGALMENT** ghax ma tidher l-ebda applikazzjoni fuq il-Mapserver. Dik l-applikazzjoni li saret ricentament biex isir xoghol fuq MW2 ([PA/10851/18](#) u approvata lejn Lulju '19) ma tkoprix dan ix-xoghol illegali li kien sar xi sena jew sentejn jew aktar qabel minghajr awtorizzazzjoni. Fil-fatt minkejja li din l-applikazzjoni ilha li giet approvata minn Lulju '19, ix-xoghol imsemmi f'din l-applikazzjoni fuq MW2 s'issa lanqas biss ghadu beda ghax il-kuntratturi ilhom zmien kollha mpenjati minn ferm qabel fuq postijiet ohra bhal FW2 imsemija qabel, meta kien ghadu ma harigx il-permess [PA/03470/19](#) tal-PA f'Dicembru 2019 (jekk wara kollox dan il-permess jirreferi ghal din il-ward?).

Fil-parti t'isfel tal-istampa mill-Google Earth lejn in-nofs fejn hemm l-ittra G ta' Google tidher blokkata bl-orange. Fit-tieni sular taghha hemm dik li kienet dik il-ward tal-biza' MW10 li issa ilha zmien abbandunata maghluqa. Fiha kien qed isir xoghol, **AKTARX ILLEGALMENT UKOLL** kif juri ritratt **MW10.jpg** fejn jidher xoghol u tkissir li kien qed isir fosthom fil-kamra tal-loki. Ma nafx jekk jaqghax ukoll bhala xoghol illegali imma kien gie mwahhal fuq barra tal-binja MW10 sellum tal-hadid fil-post (cioe mhux temporanju imma mwahhal / installat biex jibqa' ghal dejjem hemm fil-post) li minn fuq is-saqaf tal-londri jaghti ghall-bejt ta' din MW10 (fil-parti tax-xellug ta' din il-blokkata mmarkata bl-orange) u jidher sew mit-triq interna fl-isptar li tghaddi vicin. Dan is-sellum taf m'hilux zmien twil li ghamluh ghax ma jidhirx fl-Imagery tal-Google Earth tal-2016. Issa l-istess, jekk wiehed jaghmel is-solar panels fuq il-bejt biex tneffquh il-flus ikollu japplika mal-PA, u **DAWN IWAHHLU SELLUM BLA PERMESS FUQ BARRA** u kollox qisu xejn mhux xejn. Allura jekk taraw li dawn m'ghamlu xejn hazin, ghandkom fosthom troddu l-flus lura li neffaqtu ghall-permess biex sempliciment wiehed jaghmel is-solar panels fuq il-bejt

Ftit 'l fuq minn din il-blokkata fejn kien hemm l-imsemija MW10, hemm parti li mmarkajt bil-kannella. Kif juri ritratt **Scrapyard.jpg**, din il-parti qed juzawha **BIEX FIHA JARMU ILLEGALMENT** l-imbarazz kollu li tista' timmagina fosthom minn dawn il-wards imsemija qabel, li peress li battluhom mill-pazjenti u riedu jaghmlu x-xoghol fihom, riedu jibattluhom ukoll mill-affarijiet li kien hemm fihom u allura li sabu tefghu kemm felhu minnhom imbarazz hemm. Issa kieku jien ikolli bicca ghalqa u jfettilli nitfa' fiha l-ghamara tad-dar biex nirrestawra d-dar bil-kumdita, jew nibda nigbor qabda racanc ta' karozzi u hadid biex nirriciklahom indawwar lira, arakom kieku ggibuni fl-ahbarijiet kif ghamiltu [f'kazijiet ohra](#) u minn jaf mil-liem martirju taghduni. Imma **dawn l-awtoritajiet tal-isptar jaghmlu hekk vilment scrapyard bl-imbarazz u biz-zibel fi sptar f'post pubbliku** ffrekwentat mill-istaff li jahdmu fih u fejn hemm pazjenti li jkollom access ghall-inhawi matul il-gurnata, u kollox qisu xejn mhux xejn, biex tara kemm qedghin sew (biex ma nsemmux lok ta' mard propju fi sptar u biex jitkatru l-grieden taghmel gennata bhal din mizbla f'nofs sptar). Apparti dan, fejn li-

istampa mill-Google Earth hemm immarkata dik il-blokka blu, fil-kantuniera taghha fuq xellug hemm xarabank li ilha snin mitluqa hemm. Din kienu xi darba jaghmlu l-hargiet bil-pazjenti biha u mbaghad grala xi hsara u hallewha fil-post bil-licenzja ilha zmien minn Gunju 2011 skaduta, u mbaghad ikun hemm xi pazjent li sehel gie bil-karozza l-isptar u spiccaw jaqfluh jaqtghulu l-permessi, u tispicca tiskadilu l-licenzja, arahom jirrapurtawhielu biex jigu l-Pulizija johduhielu u jirkantawha. Ukoll fejn hemm dik il-blokka mmarkata bil-blu, erga aktar 'l fuq minnha hemm dik il-parti wkoll immarkata kannella. Din ukoll spiccat scrapyard fejn tefghu tal-anqas 3 karozzi li kienu tal-isptar li ma baqghux tajbin (ara ritratt **Scrapyard2.jpg**). Fiha hemm ukoll bhal pjanci li kienu ordnati zejda ghalxejn / bi zball u spiccaw li baqa' sabulhom posthom ramewhom / tefghuhom hemm, x'jitnejku. Ukoll fil-parti ta' fuq tal-blokka mmarkata bil-blu fejn hemm tmiss dik qisa gejjja fit-tond, hemm ukoll van iehor abbandunat bil-licenzja ilha skaduta minn Lulju 2016 u wkoll jidher fir-ritratt **Scrapyard2.jpg** taht. Possibli lil dawn ma jawhluhomx multa jidhirli ta' xi Eur10 fix-xahar talli ma hallsulhomx il-licenzja / insurance u hallewhom barra fit-triq, u vilment l-anqas ghallinqas indenjaw forsi jiggeraxjawhom biex spiccaw b'diversi partijiet minnhom neqsin u b'riskju li z-zejt li hemm fihom johrog darba jissaddu bizzejjed u jikkontamina l-wied vicin (fejnha l-ERA??? – bizzejjed hallejtu l-barriera vicin tfotti l-wied bir-radam ta' terrapien).

Ukoll fl-istampa mill-Google Earth, tidher fil-parti ta' fuq xellug tmiss ma triq imserpa, parti mmarkata bl-ahmar li wkoll taghmel parti mill-isptar. Hawnhekk jidher li kien hemm enforcement notice fl-2002 ([EC/00652/2002](#)) minhabba li nbena hajt ta' xi 11-il filata bla permess. Imma taf int, dawn l-amministrazzjoni tal-isptar x'jitnekju, mhux talli ma taghmlux il-lezzjoni li mhux suppost jibnu illegalment, talli issa lejn Frar 2020 **DAN IL-HAJT INBENA ILLEGALMENT MINN FUQ S'ISFEL KOLLU GDID FUQ TLETT T'IBNADI**, minbarra fuq quddiem, fejn minflok **GHAMLU ILLEGALMENT BHAL FETHA FIL-HAJT** ghal xi kancell jew bieb ta' garaxx. Fil-parti tal-hajt ta' quddiem ziedu illegalment 4 filati ma li kien hemm u fil-parti tal-genb ziedu 3 filati bicca minnu u filata l-kumplement kif jidher f'dan ir-ritratt **BoundaryWall.jpg** fejn jidher kif kien il-hajt originarjament sa cirka xahar xahrejn ilu u kif sar issa bhas-soltu **ILLEGALMENT U BLA PERMESS**. Fil-fatt il-knaten li ntuzaw jidhru ghadhom godda u ma swiedux b'dik il-lega tax-xita / haziz u taz-zmien u jekk tigu issa fin-nofs issibu borg knaten li fadlilhom zejda kif jidhru f'dan ir-ritratt **BoundaryWall2.jpg**. Apparti dan, nistaqsi kif f'din il-parti fuq barra u qalb il-kampanja qatt seta' jintuza bricks u kemm se jigi jistona mal-madwar la darba jinkesa bis-siment kif diga hu l-veru ikrah il-parti ta' quddiem. Issa immagina jkun povru bidwi li jazzarda minghajr permess itella' xi filata jew tnejn fuq semplici hajt tas-sejjieh jew iwaqqghu biex jibnih ahjar tas-sejjieh mill-gdid kif kieku taghmlulu hajtu nfern, u dawn tal-isptar juzaw addirittura l-bricks u bhas-soltu x'jitnejku – daqshekk tniggizhom il-kuxjenza ghall-ambjent bhalma ma habblu rashom assolutament xejn biex jehilsu mill-hamrija u s-sigar li kien hemm fin-nofs ta' dik il-blokka li mmarkajt ahmar car.

Ghaldaqstant nitlob li kif kieku taghmlu ma bniedem komuni tippuntaw lejha il-kanunu kollha disponibbli ghal fuqu jekk jazzarda bla permess imiss xi haga f'daru stess taghmlulu hajtu nfern u l-ispejjez li ddahlux fihom, bl-istess mod ghandkom tagixxu mal-awtoritajiet ta' dan l-isptar ta' dan ix-xoghol kollu illegali f'bini pubbliku, u mhux talli timmarkawhom bl-ahmar fuq il-mapserver, imma fejn ghadu ghaddej ix-xoghol bla permess ghandu jitwaqqaf immedjatament u jitwahhlu enforcement notices mal-postijiet

koncernati biex jara kulhadd b'ghajnejh bhalma kieku taghmlu lill-bniedem komuni. Ukoll jekk wiehed jiddecidi li jibni blokkja flats u ma jaghmilx bizzzejjed garaxxijiet għall-karozzi tispickaw twahhluh multa tajba bi skuza tal-problema li se jzid fosthom fil-parkegg u għaldaqstant nitlob li daww I-5/7 containers imsemmija jitnehhew immedjatament u twahhluhom il-multi fuqhom talli hekk vilment serqu spazju pubbliku bl-ingombro tagħhom. L-amministrazzjoni tal-isptar għandhom jitwahhlu multi u jittelghu l-Qorti jekk hemm bzonn **ta' dawn l-illegalitajiet sfaccati kollha li għamlu** - m'ahniex qed nitkellmu fuq xogħol zghir mill-maintenance tal-isptar stess imma fosthom diversi xogħolijiet kbar u massicci bil-kuntratturi privati u min jaf kemm flus qed jiswew lill-kaxxa ta' Malta x'aktar kolloxx b'direct orders u korruzzjoni galor. Imma donnu dawn l-awtoritajiet tal-isptar jafu li l-PA turi saħħitha u tagħmel l-arja maz-zghir, u mal-kbir bhal spekulaturi u ma dawn l-awtoritajiet tal-isptar tagħlaq għajnejha t-tnejn u tuza **b'mod diskriminatorju kejl għal kolloxx differenti**.

Qed ninkludi wkoll stampa mill-Mapserver tal-PA li hadt fit-28 ta' Frar 2020 ([PA_Mapserver28Feb2020.jpg](#)) fejn madwar l-isptar hemm diversi postijiet immarkati bl-ahmar ta' xogħol illegali fejn hriġtu Enforcement Notices, imma inkredibilmment fl-isptar Monte Carmel (apparti dik l-imsemmija Enforcement Notice tal-2002) ma jidher xejn immarkat bl-ahmar. Issa li nformajtkom b'dawn l-illegalitajiet hekk sfaccati kollha (u min jaf x'hemm aktar ma jagħtux fl-ghajn), nispera li meta nidhol mill-gdid fuq il-Mapserver fil-futur qarib insibu kollu mmarkat bl-ahmar fosthom u b'mod partikulari fil-postijiet imsemmija fejn qed isir xogħol illegali u bla permess u tagħdduhom minn martirju biex jirregolarizzaw il-pozizzjoni tagħhom bhalma kieku taghmlu lili u lil kwalunkwe bniedem komuni li min jaf kemm ikollu jistenna kieku biex jirregolarizza ruhu u biex ikun jista' jkompli bix-xogħol, jekk addirittura ma tordnawlux li jwaqqa' dak li jkun bena illegalment u mbagħad fil-kaz li tapprovawlu l-permess ikollu jerga jibni kolloxx mill-gdid (ezempju lil ta' Montekristo Estates gegħeltuh [jwaqqa' darba għal dejjem dak it-torri replika tat-torrijiet ta' De Redin](#)). **Tghid se taghmlu hekk ma dawn l-awtoritajiet tal-isptar tordnawluhom u ggeghluhom fosthom iwahhlu t-twieqi lura fejn kienu fil-blokkja mmarkata bil-blu u jwaqqghu fejn għamlu xogħol illegali u bla permess, u twahhluhom multi kuljum sakemm igibu kolloxx kif kien originarjament, sakemm issir l-applikazzjoni kif suppost u finalment forsi jinhareg il-permess???** Ghax inkella veru tigi li **BIL-FATTI SFACCATAMENT MAZ-ZGHIR TUZAW DAN IL-KEJL U TAGHMLU L-ARJA** – biex niehdu ezempju iehor, wiehed li [kien bidel jew bena kmamar f'għalqa għamilhom razzett](#) mlihom bil-pappagalli u annimali jidhirli kontu hadtu xi snin ilu magħkom ruxmata Pulizija u gafef biex twaqqghulu kull m'hemm u lil tal-Animal Welfare biex jikkonfiskawlu l-annimali; ukoll sibt din is-[sentenza tal-Qorti](#) fejn wiehed fil-Mosta li kien għamel xi xogħol bhal bini ta' giebjja illegalment hemm imsemmi f'pagna 2, punt 1: "The proposal cannot be considered further unless the following illegal development is first sanctioned **OR REMOVED** and this in terms of regulation 14 of Legal Notice 514 of 2010," fejn kos ikollu ngħid għall-PA/ex-MEPA tagħmel differenza enormi tkun bniedem komuni għalli tkun xi ras kbira bhal dawn l-awtoritajiet tal-isptar jew xi spekulatur, iz-zmien itina parir mil-mod kif se tagixxu. Nistaqsi jekk intomx gejjin bil-gafef biex twaqqghu fosthom dak il-boundary wall immarkat bl-ahmar li nbena mill-gdid u għola fil-filati illegalment? Ukoll ahna fil-Mosta għax fil-knisja behsiebhom jghaddu mill-gdid is-sistema tad-dawl, kellhom joqghodu jaghmlu applikazzjoni [PA/07200/19](#) u kellhom jaghmlu fuq 7 xhur bhal kurnuti jistennew sakemm finalment inhargilhom il-permess mill-PA

f' Jannar 2020. Issa nispera li dan ix-xoghol illegali li sar fl-isptar Monte Carmeli ta' bdil fis-sistemi tad-dawl / ilma / arja kundizzjonata, ecc. ma tigux vilment tissanzjonawh fi zmien nghidu ahna gimgha, u f'kemm ili nghidlek jintensa kollox qisu xejn mhux xejn, ghax inkella dak li jkun ikollu kull dritt juzah bhala precedent biex jaghmel l-istess u jekk tifthulu xi kawza fil-Qorti jsemmi l-kejl hekk privileggjat li tkunu uzawtu mal-awtoritajiet tal-isptar u nassumi jkollu fejn iwaqqghalkom il-kawza jew inkella tigi li jkun gie diskriminat ghax uzajtu kejl / mizuri differenti mieghu.

Ukoll ghall-ebda raguni l-awtoritajiet tal-isptar m'huma skuzabbli, speċjalment meta tqis u tikkonsidra li propju hadd hlief ic-CEO ta' dan l-isptar Stephen Sultana, biex jibdel semplici skylight, bicca tambocc insinifikanti fil-gholi f'nofs kuritur (cioe mhux xi haga fil-faccata jew taghti ghat-triq, ecc.), qghad japplika mal-PA ghall-permess ([PA/06922/19](#)) u **allura tigi li altru kien konxju u kien jaf li ghal xoghol massicc u ferm akbar fejn saru sfaccatament dawn l-illegalitajiet kollha msemmija, kellu japplika ghall-permessi** bhal haddiehor flok jaqbad u jaghmel ix-xoghol kif u meta jrid, u jhallas il-mizati necessarji, u jistenna bhal haddiehor sakemm forsi tohorglu l-permess.

Qed nibghat din l-email fuq l-indirizz tal-customer care li sibet fil-"Contact Us" tal-PA flok uzajt il-formola online tal-PA biex jigi rrapurtat bini u xoghol illegali bla permess f'dan l-isptar Monte Carmeli (xorta ma stajtx nuza din il-formola online bin-numru enormi ta' illegalitajiet f'dan l-isptar fejn kelli addirittura ninkludi mas-17-il ritratt biex nispjega ruhi), apposta biex ikolli digital proof li nfirmajtkom b'dawn l-illegalitajiet fl-isptar Monte Carmeli, halli jekk ikun hemm bzonni, sempliciment naghmel forward ta' din l-email lill-media jew ohrain kompetenti jew nitfa' kollox online jekk vilment ma tiehdux l-azzjonijiet kollha necessarji, drastici kemm huma drastici, bhalma kieku taghmlu ma bniedem komuni, mieghi, maz-zghir. Ukoll nitlob li jien li hadt l-intrigu ninfurmakhom b'dawn l-abbuzi kollha, nigi nformat rigward l-azzjonijiet li jittiehdu fuq dawn l-illegalitajiet sfaccati imsemmija (jew preferibilmment ahjar tippublikawhom fil-gazzetti / online ghall-interess tal-pubbliku ha jkunu jafu x'verament issarfu), halli fil-kaz li tuzaw kejl differenti u tigu b'xi skuzi banali, niehu vantagg minnu jien u ohrain ukoll nuzawh bhala precedent biex naghmlu illegalitajiet u nghadduha lixxa ahna wkoll, u l-PA u l-ERA jkunu jistghu izarmaw imorru jindifnu darba ghal dejjem u nispicaw kulhadd jaghmel li jrid qisna primittivi tal-gungla, u evviva l-ftit art vergni li fadal.

Xi haga ohra li m'ghanda x'taqsam mal-isptar, fil-parti isfel lemin fl-istampa mill-Google Earth minn fejn jibda il-wied, xi nies irresponsabli gabuh mizbla qed jarmu knaten u mbarazz tal-kostruzzjoni u forsi wiehed jara li jitnaddaf, jew tinfurzawh fuq l-awtoritajiet tal-isptar bhala parti zghira mill-multi kbar li nispera li twahhuhom tan-numru konsiderevoli tal-illegalitajiet li vilment ghamlu.

Rigward l-email li baghattikom xi jiem ilu (29-Feb-2020), qed nibghatikom ukoll ritratti (**BoundaryWall_1Mar20.jpg**) ta' **AKTAR XOGHOL ILLEGALI** fl-isptar Monte Carmeli li kompla jsir 'l bierah fil-gurnata tal-Hadd, f'dik il-parti mmarkata hamra fuq xellug fejn it-triq imserpa fl-istampa mill-Google Earth (**MCHospital.jpg**). Jidher li kienet intenzjonata biex inehhu forsi xi terrapien u mieghu zgur garrew il-hamrija ghax kieku ma kienux se jgibu trakk b'kaxxa hekk kbira (skip kienet tkun bizzejjed). Tant kienet intenzjonata biex tingarr il-hamrija, li dawk il-borg knaten li jidhru f'ritratt BoundaryWall2.jpg li baghttilkom xi jiem ilu, jidher ghadu hemm. In-numru tat-trakk / ziemel hu YAN-418 u tistghu tivverifikaw li kienet il-gurnata tal-bierah il-Hadd billi tillokalizzaw il-mobiles tat-tali kuntrattur jew haddiema tieghu mal-kumpaniji li jipprovdu s-servizz tal-mobiles.

Ukoll fejn din il-parti immarkata hamra fl-istampa mill-Google Earth, fil-part t'isfel taghha hemm tmiss maghha bhal ghalqa ohra li fiha spiccaw tefghu munzell knaten (ara ritratt **BoundaryWall_back.jpg**), taf parti mill-hajt originali li **NBENA MILL-GDID ILLEGALMENT U BLA PERMESS.**

Qed ikolli nikteb ghat-3 darba lill-PA dwar illegalitajiet fl-isptar Monte Carmeli, ghax tiskanta dejjem tiskopri xi illegalita gdida. F'dik l-istappa mill-Google Earth li kont baghattikom fil-parti mmarkata kulur orange fil-parti t'isfel fejn hemm l-ittra G ta' Google, hemm dik li kienet MW10. F'din kienu saru wkoll **BLA PERMESS U B'MODD ILLEGALI** bhal katusi fuq il-bejt minn fuq kull kamra ta' din il-ward. Qed nibghatikom ritratt **MW10_BeforeAfter.jpg** fejn jidher ritratt mill-Google Earth Imagery kif kien il-bejt originarjament bla katusi, kif jidher illum mit-triq interna tal-isptar b'numru ta' katusi tilghin, u dehra ta' dawn il-katusi / ventilaturi aktar mill-qrib kif jidhru f'nofs ta' lejl minn fuq is-sellum li gie nstallat b'mod permanenti ukoll **BLA PERMESS U B'MODD ILLEGALI** mill-bejt tal-londri li jwassal ghall-bejt ta' MW10 hekk li dan is-sellum ma jidhirx fil-Google Imagery. Issa jekk tikkonsidra li saret applikazzjoni, li ghadha ma gietx approvata, [PA/09801/19](#): *To replace damaged and restore existing stone ventilators on roofs and to replace dangerous exterior parapett walls including balusters*, li x'aktarx tirrigwarda xoghol li jehtieg isir fil-parti l-antika tal-isptar dik li kienet inbniet originarjament fil-bidunett mill-inglizi, saqsi lilek innifsek kif ma sarx l-istess biex isir xoghol ta' ventilaturi fuq MW10, u minflok restawr fuq din il-binja antika ghamlu daww il-kruha ta' katusi. Ma nabsibx jien nista' ntella' xebgha katusi fuq il-bejt tal-knisja u speċjalment jekk ikunu jidhru mit-triq ghax kieku min jaf x'qabda taqbdum mieghi. Opinjoni tieghi, imma meta tqis dawn l-illegalitajiet kollha go dan l-isptar, tigi li c-CEO tal-isptar Stephen Sultana hu wkoll frodista kbir ghax ara kemm telf lill-PA flus li kieku kienet iddahhal biex isiru applikazzjonijiet quddiema ghal xoghol / zvilupp bhalma kien ikollu jaghmel bniedem komuni, u li hu aktar gravi meta tqis li suppost hu "[professional accountant](#)" ghax fil-fatt nahseb li aktar toqghodlu professional fraudster. U ha ddumu tistennew biex tiehdu passi? Ghax nahseb li kieku rrapurtaw lili b'xi haga illegali taf kieku ga spiccajt b'xi marixxal tal-Qorti jhabbatli l-bieb biex nidher f'kawza l-Qorti miftuha minnkom kontrija u b'multa ta' barra minn hawn.

Dear Mr Grech,

We acknowledge receipt of your email. Hereunder please find our remarks and/or action being taken for each case pointed out:

1. Alleged illegal works in Male Ward 3A-3B: The removal of apertures does not constitute a breach of planning regulations. Furthermore, the building is subject to an approved DS/233/19 which authorised "the shoring up of the building in order to safeguard third parties and stop further damage/collapses until an application for development permission is submitted to the Authority".
2. Placing of containers: The said containers have been allegedly placed/stored within the confines of the complex which is covered by a number of valid development permissions and consents for dangerous structures. Thus, it is considered that such an activity is ancillary (as confirmed in your email) to the approved works, and thus is not deemed, at this stage, to constitute a breach of planning regulations. The management of, and take-up of parking spaces does not fall within the remit of the Planning Authority.
3. Floodlights: The installation of floodlights on existing poles, masts or other legal structures, as shown in the photos provided, are not considered to constitute a breach of planning regulations.
4. Alleged replacement of timber door: Given that, as alleged, the door has been replaced with a different element/material, this matter will be investigated and appropriate action will be taken accordingly. **Complaint registered for investigations bearing reference CM 669/20.**
5. Alleged illegal works in courtyard (building shaded in red): The removal of vegetation, embellishment and formalisation of the courtyard may constitute a breach of planning regulations, however more investigations are necessary . **Complaint registered for further investigations bearing reference CM 670/20.**
6. Alleged illegal works in FW3B: The works referred to in the email are most likely covered by DS/083/19 which authorised works and installation of temporary measures to render various dangerous structures including FW3B, safe. The same permission covered the majority of the blocks within the complex.
7. Alleged illegal works in FW2: The internal works referred to the email are most likely covered by DS/083/19 which authorised works and installation of temporary measures to render various dangerous structures including FW2, safe. The same permission covered the majority of the blocks within the complex.
8. Alleged illegal works in building shaded in green: The works referred to in the email are most likely covered by valid DN/746/19.

9. Alleged installation of ladder (MW10): Given that the ladder has been fixed to an internal building (within the complex), it is not considered that the external appearance is being materially altered, and as such, it is not deemed to constitute a breach of planning regulations.
10. Alleged scrapyards next to MW10: The deposition and/or storage of waste material and other products may be considered to constitute a material change of use of the land in question, however more investigations are necessary. **Complaint registered for further investigations bearing reference CM 671/20.**
11. Parking of vehicles with expired licenses: The matter does not fall within the remit of the Planning Authority.
12. Alterations to boundary wall (site previously subject to EC/652/02): More investigations are necessary to determine whether there has been a breach of planning regulations. **Complaint registered for further investigations bearing reference CM 672/20.**

Please be informed that other points mentioned in your email which is not addressed above refer to either maintenance works which wouldn't require a development permission or which are otherwise covered by DS/083/19 for works and installation of temporary measures to render various dangerous structures/blocks within the complex, safe. We will keep you informed once investigations of the reports marked in red above are concluded.

Regards,
Kathleen Grima

Dear Mr Grech,

As was the case with the fixing of the ladder, the alleged installation of ducts serving as ventilation are not considered to materially alter the character and, or context of the building or structures, which buildings/structures are internal (i.e. within the complex) not facing a schemed road therefore no further action is required by the Compliance and Enforcement Directorate at this stage.

Thanks for your reply. Allow me to reply in Maltese as I am more fluent in this language especially when it comes to explain some terms.

1. Alleged illegal works in Male Ward 3A-3B: The removal of apertures does not constitute a breach of planning regulations. Furthermore, the building is subject to an approved DS/233/19 which authorised "the shoring up of the building in order to safeguard third parties and stop further damage/collapses until an application for development permission is submitted to the Authority".

Rigward din il-blokka ta MW3A/3B, kienet saret [mistoqsija parlamentari](#) fid-29/10/19, gurnata qabel inghalqet u l-ahhar 4 pazjenti minn dawn is-swali tnehhew, fejn il-Ministru Chris Fearné irrisponda li l-*'Structural Engineer'* li tqabbad (mas-sentejn qabel) ghamel sempliciment *'Visual Survey,'* cioe sempliciment ta' titwila u ghadu fuq ghajnejh, u altru li m'ghamilx survey tekniku / xjentifiku bhal analizza l-concrete jew ix-xibka tas-saqaf x'fil-fatt jista' ghandha tal-hsarat, ecc. Issa jien m'hiniex perit imma ghandi xi ftit esperjenza u ghajnejja f'wicci u sens komun bizzejjed, biex bhal dan il-perit, meta kelli c-cans, tajt titwila jien ukoll biex nara b'ghajnejja din is-suppost hsara hekk kbira fil-bejt / saqaf li minhabba fiha hemm bzonn iwaqqghu blokka shiha ta' 3 sulari. Qed ninkludi ritratt mill-Google Earth **MW3A3B_Wards_1.jpg** ta' din il-blokka kif tidher minnaha tal-wied. Qassamtha skont id-dormitorji li fiha (D1, D2, D3 u D4 li kienu jesghu 5 sodod kull wahda), iz-zewg toilets (T u T) u 4 kmamar single rooms (A, B, C u D, li kienu b'sodda wahda). In-numri fuq il-bejt minn 1 sa 6 jimmarkaw fejn hemm il-hsarat u ghamlu l-gakkijiet kif jidhru minn gewwa murija f'ritratt **MW3A3B_Wards_2.jpg**. Kienu qalu li s-saqaf tal-bejt tbewwaq 'l isfel (sag / bulge downwards) u addirittura li hemm il-kunsenturi ghax qed iccedi l-art. Issa: 1) jien nifhimha li kieku vera qed iccedi l-art, il-kunsenturi kellhom jibdew mill-pedament u mhux mit-3 sular fejn hemm MW3B. 2) Apparti dan, ir-ritratt **MW3A3B_Wards_2.jpg** ma jindikax li s-saqaf tbewwaq 'l isfel, anzi kollox jidher catt hekk li daww il-ispeci ta' fallakki dojoq u rraqq li ghamlu jidhru pjani / cattu mas-saqaf (b'mod partikulari nnota dak b'gakk wiehed indikata nru. 5). 3) Ukoll kieku il-bejt kien fi stat dizastruz li tidhol ix-xita, iz-zebgha ta' mas-saqaf l-ewwel li kienet thoss u kienet tkun kollha maqtugha mis-saqaf u cracks, affarijiet li ma jidhrux l-anqas fir-ritratt. 4) Fil-fatt fejn hemm qisu l-konkos tas-saqaf maqlugh, fil-partijiet qrib ma tidher l-ebda hsara ohra bhal tghid hemm il-konkos xpakka / faqqa' fil-qrib ghax forsi jkun sehel li s-saqaf kien qed jixrob minn kullimkien. Ghaldaqstant jien konvint li l-hsara li hemm hi sempliciment ghax faqqghet ix-xibka f'xi bnadi, forsi l-membrane ma sarx 100% kif suppost jew zviluppaw xi cracks fih maz-zmien, u taf int hadd ma jaghti kaz, u xi naqra xita dahlet li waslet biex saddet ix-xibka u faqqghet is-saqaf f'xi rqaqja zghar. Issa ghidli int kif fil-blokka ta' 2 sulari fejn hemm MW2 (kont immarkajta bil-kulur wine) behsiebhom jibdlu s-saqaf tal-bejt (biex jiggwadanjaw post forsi ghal cirka 20 pazjent), fi blokka ta' FW2 ta' sular wiehed kollox, bidlu parti sostanzjali mis-saqaf (forsi tkun tesa' cirka 25-il pazjent), u fi blokka bhal din ta' MW3A/3B ta' 3 sulari li kienu fost l-akbar swali f'dan l-isptar (40 pazjent kull wahda, 80 b'kollox, apparti l-arkivji u l-ufficini tal-Outreach taht MW3A) se jwaqqghuha kollha minn fuq s'isfel flok jippruvaw jirrangaw, u kif juri r-ritratt, il-hsara tinvolvi sempliciment kemm tirranga fejn faqqghet ix-xibka b'materjali apposta u altru ma jidhirx li hemm bzonn li jinbidel is-saqaf. Kieku tajjeb ghax sempliciment faqqghatli naqra x-xibka fid-dar jkolli nwaqqa kollox u nibniha mill-gdid (allura daww il-kumpaniji li holqu materjal bhal siment apposta biex tirranga l-hsara fix-xibka / konkos jkunu jistghu jmorru izarmaw kollha u kulhadd jaqbad u jibdel is-saqaf mill-ewwel). Issa immagina darba jwaqqghuha blokka bhal dik x'volum ta' terrapien se tiggenera, cioe ara kemm se nziedu mal-iskart fil-landfills (fejnha l-ERA?). Ukoll rigward l-arkivji taht MW3A b'dokument u korrisondenza li jmorru lura tal-anqas mill-50s kollox imhawwad mhux katalogat, x'se jsir minnhom? – huma diga kienu ottu u issa aktar. Qalu li din il-

blokka se jaghmluha gnien, kieku mhux ideja hazina, imma l-problema hi ghal dan in-nuqqas ta' 2 swali kbar bhal dawn, ibqa' cert li se jkollhom jivvintaw xi haga ohra jibnu x'imkien iehor (bhalissa hafna mill-pazjenti li kienu fihom tefghuhom temporanjament f'homes privati, ecc. bil-Gvern ikollu jhallas biz-zalza – forsi l-perit involut jew s-CEO ghadhom xi shares jew qraba nvoluti f'dan in-negozju?). Ukoll ma tantx naf postijiet hawn Malta li kienu mibnija fiz-zona ta' zvilupp u spicaw vakanti mibdula fi gnien (ara bil-kontra tkun ODZ u b'xi mod tinbena xorta hekk iva, jew kieku tkun ghalqa tieghek bniedem komuni, jivvintaw johduhielek biex jaghmluha pjazza, jghaddulek triq minnha, ecc. imma art tal-Gvern ma tantx). Cioe konvint li meta tqis kollox, hemm riha ta' korruzjoni kbira, qed isir frodi kbir ta' sparpaljar ta' flus u rizorsi / kapital (immagina li dak li kien l-isptar San Luqa ghax tkun faqqgħet f'xi bnadi x-xibka jispicaw bi skuza t'hekk iwaqqgħuh - irrapurtajt fosthom lill-Awditur qalli li kienu diga saru xi spezzjonijiet fl-isptar, ghidtlu allura ma tinvolvix propju lili li ghamilt l-allegazzjonijiet biex nispejgalek u nurik erga ahjar fil-post, u biex tkun vili spezzjoni taghmilha mal-amministrazzjoni tal-isptar li propju ghandhom kull interess li ma jikxfux l-inkompetenzi u l-korruzjoni tagħhom? – issa 'l quddiem naraw x'jirrispondi darba nitfa' l-emails li baghtlu u li baghtli online). Forsi jaghmluha gnien ghal ftit snin, wara jevolvuha bhala estensjoni tal-parkegg, u wara nhalli fl-immaginazzjoni tieghek ta' x'tip ta' zvilupp isir qrib wied (xi Busietta Gardens ohra, ma nahsibx li se ssir ODZ, ma tarax). Imma l-kbir għadu gej. Dak propju fit-3/11/17 (biex tara kemm ilha gejja l-bicca), wara li xi jiem qabel kien gie l-imsemmi illustru perit u suppost għamel l-visual survey, kienu evakwaw id-dormitorji murija (D1-D4 u T u T imma mhux is-single rooms A-D) u tefghu l-10 pazjenti li kien hemm fihom fil-kamra kbira li tigi isfel lemin estrem fl-istess ritratt mill-Google Earth (issa nifhima li jekk il-blokka kienet qed iccedi b'mod partikulari minn din ix-xaqliba tal-wied, lil dawn il-pazjenti hallewhom xorta fil-periklu bhal dawk tas-single rooms A-D) kemm minn MW3B fejn kien hemm is-suppost hsara fis-saqaf, u addirittura mill-istess dormitorji minn MW3A taht, ghax dan l-istess perit gabha li la l-gakkijiet f'MW3B qed suppost izommu s-saqaf / bejt milli jaqa' kienu qed jistrieħu fuq is-saqaf ta' MW3A, bil-piz seta' jcedi s-saqaf ta' din ukoll. Imma nkredibilent ma jidhix li habbel rasu rigward l-ufficini tal-Outreach li jigu fuq din ix-xaqliba taht MW3A jekk izommx is-saqaf tagħhom kieku kellhom icedu 2 soqfa bit-terrapien b'kollox għal fuqu – f'dan il-kaz dawn setghu jintradmu mhix problema u mbagħad kemm niktbulhom isimhom fuq l-irhama. Ukoll, kif juri r-ritratt, is-saqaf suppost spicca jzomm bil-gakkijiet u bil-fallakki rqaq tal-injam. Issa qabbel mal-hsara li kont semmejt f'FW3B (ara ritratt **FW3B.JPG** fl-emails precedenti) fejn jidher li htiegilhom, flok qabdu u bidlu s-saqaf mill-ewwel, dahlu dawk il-kruha ta' xejn anqas minn 3 travi kbar tal-hadid (u fil-partijiet l-ohra kwazi d-dawra kollha tas-sala kellhom iraqqu fejn faqqgħet ix-xibka – għandi ritratti jekk trid nibghatomlok tant kemm jidher li kien xorob is-saqaf minn kullimkien), tant kemm il-hsara kienet gravi. Allura l-logika tghidli li f'din il-blokka MW3A/3B il-hsara bilfors li riedet tkun ferm anqas ghax flok travi kbar tal-hadid għamli semplici fallakki tal-injam rqaq u dojoq. U kieku vera gew bejn halltejn, jekk kien hemm bl-istess ragunar blokka li kien jimmeritaha taqa' kienet dik fejn hemm FW3B u mhux MW3A/3B la l-hsara kienet ferm akbar wara snin ta' abbandun u tinvolvi 2 sulari flok 3 sulari. U biex tkun aktar vili, għall-hsara ferm u ferm akbar f'FW3B ma hassewx il-bzonn biex jevakwaw is-swali ta' taht FW3A u l-Half Way House bħalma kienu għamli f'MW3A/3B mill-2017. Litteralment hawwadni ha nifhem.

Issa nigu għall-applikazzjoni msemmija DS/233/19 biex isir “the shoring up of the building in order to safeguard third parties and stop further damage/collapses ...” L-unika support li għamli kienu dawk l-imsemmija gakkijiet lura fl-imsemmija data fl-2017, li allura **TIGI LI GHAMLUHOM ILLEGALMENT** wisq qabel saret din l-applikazzjoni, u darba giet approvata din l-applikazzjoni **NASSIGURAK** li m'għamli assolutamet l-ebda support gdid iehor. Ukoll **NASSIGURAK** li ma sar l-ebda survey iehor minn perit, biex wara sentejn izzomm bis-suppost gakkijiet, iccertifikaha f'salt wiehed li giet issa imminenti li se ccedi l-binja u saret din l-

applikazzjoni (kieku veru kien ikun jinhtigielhom izidu aktar support / gakkijiet etc.). Ukoll saqsi lilek innifsek kieku veru imminenti li se ccedi (“further damage / collapse”), tahseb li xi haddiem kien se jissogra hajtu jmur jaghti bil-mazza u l-iskarpel biex jinqalghu t-twieqi speċjalment dawk il-gradilja tal-hadid fuq barra tat-twieqi ilhom hemm mill-bidunett snin u snin ilu kollox ingazzat bil-viti imsaddin fil-hitan? Jew allura tigi li l-amministrazzjoni tal-isptar biex isalvaw sold jirriciklaw it-twieqi, kienu qed jissograw hajjet il-haddiema jibghatuhom jahdmu f’post ikkundannat wasal biex icedi. **Kollox hu hekk sfaccatament u vilment fazull**, li spickaw ta’ frodisti u falsifikaturi li huma nqlew propju f’zejthom stess ghax tigi li darba nehew it-twieqi u l-gradilji tal-hadid, l-logika tghidlek li l-binja suppost mhux talli giet ipprevenuta milli ccedi (is-suppost intenzjoni tal-applikazzjoni DS/233/19), **IMMA ADDIRITTURA GHAMLUHA ERGA AKTAR F’RISKJU LI CCEDI** ghax dawn it-twieqi jekk xejn kienu qed iservu ta’ support ghal fejn issa minflokhem hemm dawn il-fethiet kbar fil-hitan (ara ritratt **MW3B_GakkBlaTwieqi.jpg** fejn juri t-twieqi bil-gradilji b’kollox maqlughin fejn hemm dormitorju D1 jidher il-gakk wiehed wahdu immarkat 5 f’ritratt **MW3A3B_Wards_2.jpg** – jew forsi ta’ frodisti li huma jgibuha li bin-nuqqas fil-piz bit-tnehhija tat-twieqi u gradilji, l-art iccedi anqas???). Nahseb anki tifel zghir ghandu logika bizzejjed biex jifhem dan il-punt hekk ovvu. Tant m’hemm assolutament xejn minn dawn il-hsarat li se jcedi kollox li l-ebda haddiem ma ghamel oggezzjoni mal-Union jew mal-imghallem tieghu biex ma jintbaghatx jahdem hemm. U nistaqsi kieku jien ifetilli nivvinta stqarrija hekk sfaccatament fazulla permezz ta’ perit frodist lill-PA li d-dar tieghi qed iccedi biex ikolli skuza biex inwaqqaghha, temmnuni hekk facilment b’ghajnejkom maghluqa u ma tistaqsux ghal sempliciment ritratti tal-hsarat u rapport tekniku / xjentifiku flok sempliciment visual survey (x’aktarx lanqas dan ma ntab) jew tigu fil-post ha taraw intom stess kemm huma verament serji l-hsarat biex flok nirranga jinhtieg inwaqqa’ kollox? Din x’serjeta hi, donnu kienu qed jaghmluha mat-tfal jitnejku bil-PA kif iridu u bil-gideb hekk sfaccat? Tghidli li d-dar hi tieghi nista’ nitlob li nwaqqaghha kemm irrid imma l-punt hu li biex **ghamilt din it-talba, ghamilt uzu minn STQARRIJA PURAMENT FALZA U FAZULLA** - u allura b’dan il-mod il-PA approvatli li nibda nkisser u naqla’ t-twieqi u ngib il-binja addirittura fi stat aktar perikoluz. Dawk it-twieqi ta’ din il-blokka ma setghu qatt jinqalghu jekk fl-istess nifs qed jghidu li l-binja qed iccedi – **DIN HI LLEGALITA SFACCATA, DAHK FIL-WICC BIL-PA, U BIL-LOGIKA TAGHHOM SOGRU SFACCAT GHALL-ISTESS HADDIEMA**. Jekk vera l-blokka qed iccedi kif qed jghidu l-amministrazzjoni tal-isptar, ghandkom tordnawilhom iwahhlu t-twieqi lura fil-post fejn kienu bhala support ghax bir-ragunar u l-inkompetenza taghhom stess tigi li gabu l-blokka erga aktar perikoluza milli kienet u qed jistiednu li ssir xi disgrazzja (bhal dawk is-supporting beams li tnehew fil-genb ta’ binja li cediet ricentament u spiccat qatlet mara ntradmet f’darha) – addirittura tridx it-tort taghhom naghluq t-toroq pubblici li jdawru l-blokka talli gabuha erga aktar b’riskju li ccedi, l-oppost tal-applikazzjoni DS/233/19? Nahseb li kieku kellhom igibu lill-istess perit frodist issa biex jaghmillhom xi visual survey iehor, jispicca jivvinta jghidilhom li l-hitan fejn hemm dawn il-fethiet tat-twieqi jistghu jcedu kemm iridu ghax xi bicca gakk u njama f’nofs saqaf huma bizzejjed biex izommu l-istess saqaf milli jaqa’.

2. Placing of containers: The said containers have been allegedly placed/stored within the confines of the complex which is covered by a number of valid development permissions and consents for dangerous structures. Thus, it is considered that such an activity is ancillary (as confirmed in your email) to the approved works, and thus is not deemed, at this stage, to constitute a breach of planning regulations. The management of, and take-up of parking spaces does not fall within the remit of the Planning Authority.

Rigward il-containers, ma nafx jien imma f’ritratt **MCHospital.jpg** li baghattikom fl-emails precedenti, indikajtilkom b’mod partikulari wiehed, bin-numru 5 li ilu abbandunat hemm nofsu vojta mill-anqas mill-2016 meta zgur ma kien qed isir l-ebda xoghol fl-inhawi fuq is-swali

MW3A/3B qribu. U kieku biss dan jista' jibqa' hemm ghal dejjem b'mod permanenti? Mhux bhalli kieku armejt karoza f'nofs ta' triq jew qlajt il-madum tal-kamra tal-banju u armejt abbuzivament fuq art pubblika, qed inkerrah l-ambjent bih? Ukoll, il-containers immarkati 1 u 2 (li vilment huma fuq art pubblika bhal containers 3 u 4), dawn imlewhom b'xebgha racanc ta' mbarazz minn dawn is-swali (MW3A/3B), xi sodod kollha biz-zebgha mqaxxa b'ghomor ta' xi 30 sena u aktar, xi pultruni mqattgha, ecc. li konvint li fis-swali li qed jirrijabilitaw zgur mhux se jimlewhom b'dan it-tip ta' racanc u zibel. Cioe dawn huma containers mimlija b'imbarazz tajjed biss ghar-rimi u flok qabdu u ramewh mill-ewwel, holqu dawn il-containers bhala scrapyard donnu b'mod permanenti wkoll. Allura jekk l-iscrapyard qrib MW10 (dik immarkata kannella) li semmejtkom fl-emails precedenti u li behsiebkom tinvestigaw (CM 671/20) ghax wisq probabli hi illegali, tarmi z-zibel b'dan il-mod jigi gustifikat ghax taparsi maghluq go container? Jien nahseb li qabel qbadtu u qtajtu d-decizjoni li dawn il-containers huma necessarji biex isir ix-xoghol li hemm bzonn, l-ewwel kellhom ittuhom titwila ha taraw x'fil-fatt hemm mahzun fihom u kemm ghandu x'jaqsam max-xoghol in kwistjoni li suppost qed jew ghandu jsir.

3. Floodlights: The installation of floodlights on existing poles, masts or other legal structures, as shown in the photos provided, are not considered to constitute a breach of planning regulations.
4. Alleged replacement of timber door: Given that, as alleged, the door has been replaced with a different element/material, this matter will be investigated and appropriate action will be taken accordingly. **Complaint registered for investigations bearing reference CM 669/20.**

Dan jigi l-bieb tal-kamra mortwarja, fejn hemm l-ufficini tat-transport.

5. Alleged illegal works in courtyard (building shaded in red): The removal of vegetation, embellishment and formalisation of the courtyard may constitute a breach of planning regulations, however more investigations are necessary. **Complaint registered for further investigations bearing reference CM 670/20.**

Jekk sar xoghol illegali u bla permess, ghandu terga tingab il-hamrija u jerga jsir gnien kif kien originarjament biex igawduh il-pazjenti u l-istaff bis-sigar u bl-animali li jservu ta' terapija.

6. Alleged illegal works in FW3B: The works referred to in the email are most likely covered by DS/083/19 which authorised works and installation of temporary measures to render various dangerous structures including FW3B, safe. The same permission covered the majority of the blocks within the complex.

L-applikazzjoni li semmejtli DS/083/19 tirrigwarda 'Installation of temporary measures to make safe dangerous structures (concrete timber beams with stone slabs & steel beams with stone slab roofs).' Nahseb, m'hemmx bzonn tidwir mal-lewza ghax hi cara wisq aktar bizzejjed: l-applikazzjoni tuza l-frazi '**temporary measures**' cioe affarijiet **TEMPORANJI** biex nassumi s-saqaf ma jcedix u xi darba dawn l-installazzjoni **TEMPORANJI** jitnehhew biex issir xi haga permanenti bhal nghidu ahna s-saqaf isir kif suppost. It-travi kbar li ghamlu f'FW3B (ara ritratt **FW3B.JPG** fl-emails precedenti) nassigurak li zgur ma jaqghux taht din il-kategorija ghax ghamluhom **HEMM ILLEGALEMENT B'MOD PERMANENTI**. Ejja nghidu li din l-applikazzjoni kienet tirreferi fosthom ghall-gakkijiet li suppost qed izommu s-saqaf / bejt ta' MW3B (ara l-imsemmi ritratt **MW3A3B_Wards_2.jpg**), u jekk dan tigi li dawn ramawhom **MAS-SENA U NOFS QABEL MINN NOV '17 ILLEGALMENT** qabel saret din l-applikazzjoni (saqsi l-pazjenti, saqsi l-istaff, meta

saru dawn il-gakkijiet u konsegwenza taghhom nehew il-pazjenti minn dawk id-dormitorji fuq din ix-xaqliba). Imma mhux biss, ghax dawn is-suppst strutturi temporanji **ILHOM LI SARU ILLEGALMENT QABEL SARET DIN L-APPLIKAZZJONI F'PARTIJET OHRA TAL-ISPTAR UKOLL, UKOLL MINN ZMIEN QABEL**, fil-parti originali li kienet inbniet mill-Inglizi fejn hemm Sala Speranza u Sala ohra qrib li spiccat kuritur bl-ufficini tal-Psikjatri (saqsi lil dawk li kienu jaghmlu hemm il-wirjiet bl-ghasafar u bil-fniek / tigiieg u animali ohra f'dan l-isptar f'dawn il-partijiet u minflok ilhom zmien qed ikollhom jaghmluhom fejn hemm it-teatru jew bnadi ohra mhux fl-isptar – issa t-teatru ukoll ghandu parti fuq barra ilhom zmien dawruha bil-bricks ghax hemm bicca mill-lavur fil-parti ta' fuq tidher maqtugha mill-kumplament, hela ta' flus flok qabdu u rrangaw mill-ewwel). Dawn l-installazjonijiet temporanji jidhru f'ritratt **KurituriSptar.jpg** bil-gakkijiet qed izommu t-travi tal-injam (l-imsemmija 'timber beams'). Allura bhalma taghmlu lil bniedem komuni, la saru llegalment **minn zmien qabel saret l-applikazzjoni**, se timmarkawomlhom bl-ahmar u twahhluhom il-multi fuqhom? Forsi skuzabbli ghax kien hemm riskju li jaqghu fuq xi hadd **imma zgur mhux skuzabbli** li damu daqshekk biex ghamlu l-applikazzjoni necessarji ghal dawn il-'mizuri temporanji' u speċjalment meta tqis li l-PA f'kazijiet ta' urgenza bhal dawn, taggghel aktar il-process tal-applikazzjoni.

Issa jekk nergghu nigu fuq FW3B msemmija f'dan il-punt 6, fiha twahhlu ricentament it-twieqi kif juri ritratt **FW3B_ThenNow.jpg**, fil-parti ta' fuq mill-Google Imagery 2016 bit-twieqi mbarrati bil-plywood u l-parti t'isfel kif jidhru illum bit-twieqi mwahhlin (innota li t-tieqa tal-lemin estrem fl-2016 diga kellha l-parti ta' taht maqlugha tant kemm kienu ilhom li bdew bix-xoghlijiet illegalment bla permess). Issa dawn it-twieqi jidhru minn triq pubblika, allura altru li ma setghux iwahhluhom minghajr applikazzjoni quddiem il-PA, bhalma bniedem komuni ma jistghax jaqbad u jibdel il-kulur / materjal tat-tieqa / bieb fil-faccata li tidher mit-triq pubblika.

7. Alleged illegal works in FW2: The internal works referred to the email are most likely covered by DS/083/19 which authorised works and installation of temporary measures to render various dangerous structures including FW2, safe. The same permission covered the majority of the blocks within the complex.

Din l-applikazzjoni DS/083/19 tirrigwarda l-imsemmija 'Installation of temporary measures ...' u wkoll m'ghandix x'taqsam ghax fejn kienet FW2 (immarkata bl-isfar) mhux mizuri temporanji qed jaghmlu imma permanenti fosthom bini ta' kmamar u diversi soqfa mill-gdid (ara ritratti **FW2_NewRoof.jpg** u **FW2_NewRooms.jpg** li baghattikom fl-emails precedenti, fejn addirittura s-saqaf il-gdid ghamluh xi filata jew tnejn ghola milli kien is-saqaf originali) li taf huma koperti minn applikazzjoni [PA/03470/19](#) (iccekjaw il-pjanti li gew sottomessi ma din l-applikazzjoni biex taraw liem parti fil-fatt jikkoncernaw). L-illegalita hi li x-xoghlijiet kienu bdew minn ferm qabel giet approvata din l-applikazzjoni hekk li l-applikazzjoni l-ohra ([PA/10851/18](#) u approvata lejn Lulju '19) biex isir xoghol f'MW2 minkejja li wkoll kienet approvata xi xhur qabel, ghadu ma nbedix ix-xoghol fiha ghax kienu diga mpenjati fuq FW2 minn zmien qabel (tistghu ticcekjaw meta nbeda x-xoghol mill-hlasijiet lill-kuntratturi, ecc.).

8. Alleged illegal works in building shaded in green: The works referred to in the email are most likely covered by valid DN/746/19.

L-applikazzjoni DN/746/19 tirrigwarda 'To replace/repair existing damaged timber beams' – cioe biex jinbidlu t-travi antiki u originali ta' zmien meta nbena l-isptar lejn l-1890s ta' kwazi 130 sena biex jintremew maz-zibel ta' kkulturati li huma (ara nota li zid ma punt 6 fejn ghamilt riferenza ghar-ritratt imsemmi **KurituriSptar.jpg** – din DN/746/19 minkejja li giet approvata ghadu wkoll ma nbedix ix-xoghol 'n kwistjoni ghax il-kuntratturi kien qed jintbaghtu jahdmu postijiet ohra

llegalment minn xhur qabel bhal f'FW2) u ghaldaqstnant m'ghandix x'taqsam ma dik il-parti mmarkata bl-ahdar, fejn NASSIGURAK li hawn m'hawn l-ebda travu tal-injam ('timber beam') imma evoluzzjoni ta' zminijiet ta' wara bit-travi tal-hadid minn dawk it-tip li fuqhom kienu jsaqqfu bix-xorok u xi partiiet ohra b'soqfa tal-konkos. Issa jien nista' napplika biex nibdel specifikament is-saqaf bix-xorok iserhhu fuq travi tal-injam ta' kamra, u minflok jew ukoll napprofitta ruhi u nibdel is-saqaf tal-konkos ta' kmamar ohra? Qed ninkludi ritratt **ExtensionMW7.jpg** li ghalkemm forsi jinftiehem bhala estensjoni ta' MW7 (fir-ritratt bicca minn MW7 tidher ftit fuq ix-xellug estrem), fil-fatt nahseb li se tkun tiffirma parti minn sala ohra ghax kif juri dan ir-ritratt hemm bieb li jaghti ghall-'main garden' tal-isptar li x'aktarx behsiebhom juzawh bhala dhul ewlieni ghal din is-sala l-gdida. Kif tista' tinnota minn dan ir-ritratt fuq barra mal-hajt fil-gnien tal-isptar hemm it-twieqi u bibieb li qalghu u tefghuhom hemm li juri x-xoghol estensiv li qed isir f'din is-sala. Biex tikkonferma jekk hux ukoll xoghol illegali wkoll, sempliciment ticcekja jekk issottomettewx pjanti tax-xoghol ta' din is-sala partikulari fost l-ohrajn (forsu parti minn applikazzjoni [PA/03470/19?](#)).

9. Alleged installation of ladder (MW10): Given that the ladder has been fixed to an internal building (within the complex), it is not considered that the external appearance is being materially altered, and as such, it is not deemed to constitute a breach of planning regulations.

Kieku f'malajr ghamiltuha l-investigazzjoijiet. Il-problema hi li din MW10 (immarkata bl-orange), kif tista' tinnota, tinsab fil-periferija tal-isptar. Allura tigi li jekk mit-triq interna tal-isptar dan is-sellum jigi gustifat ghalikom bhala xi haga legali, jekk iddur id-dawra minn barra tal-isptar u tigi fuq wara tieghu minn fejn jibda l-wied, dan is-sellum jigi bhala **XI HAGA ILLEGALI** ghax jigi jidher sew minn triq pubblika kif muri f'ritratt **MW10minBarra.jpg**. Jidhru wkoll dawk il-kruha ta' speci ta' katusi tilghin minn fuq il-bejt. Dawn ma nafx ezatt x'riedu jghidu bihom ghax il-kmamar ta' din il-ward kollha kellhom tieqa zghira li tigi 'l fuq mill-bejt bhala ventilazzjoni (jekk tmur bil-Google Earth min-naha opposta jidhru sew – is-saqaf tal-kmamar hu xi filata jew tnejn ghola mill-bejt propju), sakemm m'ghandhomx il-hsieb li jaghlqu dan it-twieqi u juzaw dawn il-katusi bhala ventilaturi. Il-problema hi li din hi binja antika u addirittura binja storika ta' min jaf kemm abbuzi ta' dik li kienet l-aktar ward tal-biza' b'kull bieb ohxon u b'xebgha firrolli u gancijiet biex jaqfluk bhall-annimal fihom. U allura, jidhru biss minn triq interna jew minn triq pubblika, kif qatt jista' jkun gustifikabbli dan it-tip ta' xoghol, speccjalment meta taf bidlu xi haga antika u originali **ILLEGALMENT**, xi tip ta' ventilaturi li kien hemm fl-antik (minn dawk li kienu jkunu mhaffrin fil-hitan jibqghu tilghin ghal speci ta' gebel li jkun hemm fuq il-bejt). Ukoll il-kmamar f'din il-ward inbidlu milli jzommu l-pazjenti sa tal-anqas l-2002, ghal biex izommu 'MCH Museum Artefacts' - affarijiet antiki tal-isptar (ara ritratt **MW10_MuseumArtefacts.jpg**, propjament xehtuhom hemm biex f'dak l-ambjent jitmermru, jissewsu u jissaddu u jigu vallapena jarmuhom – speci ta' scrapyard ohra fil-maghlug bhal containers - flok irrestawrawha u kkonvertewha bhala estensjoni tal-muzew li jinsab biss pass boghod). Allura nahseb li suppost saret applikazzjoni biex tal-anqas sar dan ic-'Change of Use' – biex minn ward bil-pazjenti spiccat bhal speci ta' scrapyard tal-Museum Artefacts mormija ala selvagga fuq xulxin. Minn go din il-ward jghaddi garigor li jtellghak ghal fuq il-bejt u ghandi ritratti b'2 grieden mejtin fuq it-targiet tieghu - daqshekk hu ambjent idonju ghall-'museum artefacts,' tridx tmur (jekk trid nibghatomlok ukoll ir-ritratti).

10. Alleged scrapyard next to MW10: The deposition and/or storage of waste material and other products may be considered to constitute a material change of use of the land in question, however more investigations are necessary. **Complaint registered for further investigations bearing reference CM 671/20.**

11. Parking of vehicles with expired licenses: The matter does not fall within the remit of the Planning Authority.

Jista' f'dan il-kaz jigu kunsidrati bhala **ILLEGALITA** dik li kkonvertew dawn l-areas fi speci ta' scrapyard ohra, biex jarmu l-karozzi? Nista' jien ikolli ghalqa u nigbor xi erba' karozzi minghand huti u l-kugini u r-razza u r-radika u nitfaghom mitluqin go l-ghalqa u addirittura fejn jidhru minn triq pubblika jekk mhux addirittura fi triq pubblika (bhal kaz ta' dik ix-xarabank li ghamlu zmien johorgu l-pazjenti biha). Allura dawk l-iscrapyards illegali li kienu jirriciklaw il-karozzi ghaliex ghalaqtuhilhom ghax ma nistghax nifhem. Ukoll kont semmejt li dawn qedghin vicin ta' Wied li allura dawn il-karozzi darba jissaddu wahda sew u z-zejt johrog minnhom jikkontaminaw l-ambjent – possibli ma tidholx l-ERA? Jistghu jibqghu hemm ghal dejjem ikerrhu l-ambjent?

12. Alterations to boundary wall (site previously subject to EC/652/02): More investigations are necessary to determine whether there has been a breach of planning regulations. **Complaint registered for further investigations bearing reference CM 672/20.**

Rigward dan il-Boundary wall ara wkoll ritratt aktar ricenti **BoundaryWall_moreWorks.jpg** ta' aktar xoghlijiet. Fil-parti ta' fuq ta' dan ir-ritratt jidhru 2 skips b'terrapien kompluti b'hamrija mormija fihom. Il-parti ta' taht turi haddiem fuq il-parti ta' wara ta' din l-ispeci ta' ghalqa (il-parti ta' taht ta' dik li kont immarkajt b-ahmar) b'gaffa miz-zghar qed jimmanuvra t-terrapien mill-hajt originali li kien hemm jaghmlu gozz ghalih. Il-vilta hi li dan it-tilqit ta' gebel setghu utilizzawh biex holqu minnu kisja b'hajt tas-sejjieh fosthom minflok dak il-kruha ta' bricks fil-parti ta' quddiem (ritratt il-parti ta' fuq).

Please be informed that other points mentioned in your email which is not addressed above refer to either maintenance works which wouldn't require a development permission or which are otherwise covered by DS/083/19 for works and installation of temporary measures to render various dangerous structures/blocks within the complex, safe. We will keep you informed once investigations of the reports marked in red above are concluded.

Fuq din l-imsemmija applikazzjoni DS/083/19 suppost issottomettew il-pjanti ta' fejn kellhom isiru dawn ix-xogholijiet (ghal "temporary measures" u altru mhux "permanent measures" biex inkunu cari fil-kliem) u allura minnhom tistghu tiddeterminaw liem huma dawn ix-xogholijiet temporanji approvati minn din l-applikazzjoni xhur u xhur wara meta **ILLEGALMENT** fil-fatt saru dawn ix-xogholijiet "temporanji" (l-istess ghandu jsir rigward l-applikazzjonijiet l-ohra msemmija / li saru: maghhom suppost issottomettew pjanta li tidentifika l-postijiet fejn ghandom isiru x-xogholijiet u taraw liem hu xoghol illegali u liem mhux, liem jaqbel mad-Description of works tal-applikazzjoni u min le). Ukoll jekk dan ir-rijabilitazzjoni ta' wards (jew tkissir sfaccat bhal f'MW3A/3B) u bdil tas-sistemi tad-dawl, ilma, arja kundizzjonata, ecc. tikkonsidrawhom bhala sempliciment "either maintenance works which wouldn't require a development permission" jew parti minn xogholijiet temporanji biex irendu l-binja sigura, allura l-applikazzjoni [PA/07200/19](#) biex isir restawr minn barra u minn gewwa u sistema gdida ta' dawl fil-knisja tal-Mosta u diversi kazijiet ohra setghet ma saritx lanqas applikazzjoni ghax nghidulhom semplici "maintenance works" u mizuri temporanji (ghax maz-zmien xi 30 sena ohra xorta se jigi mument li l-knisja jerga jkollha bzonn ta' restawr u allura mhix xi haga permanenti) u ghandkom troddulhom l-ispejjez tal-applikazzjoni lura.

Enforcement Complaints <Enforcement.Complaints@pa.org.mt>

Dear Mr Grech,

1. It must be clarified once again that the removal of apertures does not constitute a breach of planning regulations, and thus no action can be taken by the Authority's Compliance & Enforcement Directorate. The response provided by this office also indicated that a consent for works on a Dangerous Structure (DS/233/19) had been issued by the Authority, specifically for the shoring up of the building, and in no way authorises demolition works, which would need to be subject to an application for development permission. Like any other permission issued by the Authority, the applicant has every right not to make use of the consent obtained. It must also be clarified that any concerns relating to the structural integrity of a building fall within the remit of the responsible architect and the applicant, and thus, any decisions in this respect should be shouldered by them. With reference to the internal scaffolding referred to as "gakkijiet", please note that such structures are not considered to constitute development, hence they are not illegal. Finally, the remaining matters highlighted in your email, do not fall within the remit of the Planning Authority. Any claims regarding corruption and misappropriation of funds should be referred to the respective local investigative bodies.
2. As indicated in the original response, the containers have been allegedly placed/stored within the confines of the complex which does not amount to a material change of use of land, hence not breaching planning regulations. The issues highlighted in your response, particularly the type of material and content of these containers, relate to waste management operations which do not fall within the remit of the Planning Authority. You may wish to refer your concerns to the respective entity i.e. the Environment and Resources Authority (ERA).
5. As per standard procedure, the outcome of the investigations and a decision on the way forward will be communicated once investigations are concluded.
6. In line with the clarification provided in point 1 above, internal scaffolding i.e. "gakkijiet" are not considered to constitute development, hence they are not deemed to be illegal. Furthermore, from the photos provided there seems to be no evidence that the windows have been replaced with apertures of a different element/material to a degree that materially affect the external appearance of the building. Hence, no action can be taken in this respect.
7. Following the clarifications provided from your end, further investigations will be undertaken to determine if the alleged works in FW2 are covered by DS/083/19 or PA/03470/19. **Complaint registered for further investigations bearing reference CM 703/20.**
8. The photo provided shows the removal of apertures, which as indicated in the response for point 1., does not constitute a breach of planning regulations. Nonetheless, rest assured that if throughout the investigations conducted by the Compliance & Enforcement Directorate, other illegal works (within the complex) will be noted, the necessary action will be taken.
9. As indicated in the original response, the fixing/placing of the ladder and installation of vents are not considered to constitute a breach of planning regulations, particularly since they are not visible from a schemed road. Furthermore, it must also be clarified that whilst the buildings might have architectural value, they are not scheduled, hence interventions as reported in your email would not necessarily warrant a planning application.

The alleged use of the ward to serve as an artefact museum since 2002, does not amount to a material change since the main use of the complex as a mental health hospital has been retained. Other concerns relating to rodents should be brought to the attention of the hospital's Management or to the Environmental Health Directorate.

11. The photos provided showing the parking/placing of vehicles is not considered to amount to a material change of use to a scrapyards. The action taken by the Authority referred to in your email, was in relation to illegal scrapyards where the amount of derelict vehicles and scrap material was substantial. Nonetheless, as indicated in point 2 above, any concerns relating to waste management and the possible discharge of oil may be referred to the ERA for their investigation.
12. Noted. Investigations are underway, the outcome of which will be communicated once investigations are complete.

Regards
Kimberley Buttigieg

Enforcement Complaints <Enforcement.Complaints@pa.org.mt>

Araw minn se jerfa' r-responsabilita vincent.cassar@pa.org.mt, kathleen.grima@pa.org.mt, kimberley.buttigieg@pa.org.mt. Qed nitkellem rigward falsifikazzjoni ta' dettalji f'applikazzjonijiet tal-Planning Authority biex xogholijiet li kien qed isiru bla permess u b'mod illegali u li jien gbidt l-attenzjoni tal-PA b'emails f'dawn l-ahhar xhur, jigu minflok taparsi kienusaru applikazzjonijiet ghalihom. Il-veru gejna f'punt li missejna l-qiegh.

Once again, let me reply in Maltese as I am more fluent in this language.

It must be clarified once again that the removal of apertures does not constitute a breach of planning regulations, and thus no action can be taken by the Authority's Compliance & Enforcement Directorate. The response provided by this office also indicated that a consent for works on a Dangerous Structure (DS/233/19) had been issued by the Authority, specifically for the shoring up of the building, and in no way authorises demolition works, which would need to be subject to an application for development permission. Finally, the remaining matters highlighted in your email, do not fall within the remit of the Planning Authority. Any claims regarding corruption and misappropriation of funds should be referred to the respective local investigative bodies.

Minn dan il-paragrafu qed nikkwota s-sentenza *"The response provided by this office also indicated that a consent for works on a Dangerous Structure (DS/233/19) had been issued by the Authority, specifically for the shoring up of the building, and IN NO WAY authorises demolition works, which would need to be subject to an application for development permission."* Nassumi li bhalma kontu fittixtu applikazzjonijiet ghal xoghlijiet f'dan l-isptar Monte Carmeli u fosthom sibtu li kien hemm din l-imsemmija [DS/233/19](#), propju b'dan il-kliem **"the shoring up of the building"**, ghandi nassumi u nista' nikkonferma allura li sad-data ta' din l-email li baghattuli fil-11-Mar-20 kienet ghada ma tezistix l-applikazzjoni [PA/02239/20](#) ghax kieku kontu ssemmuha u tinfirmawni biha bl-istess mod, u li se nitkellem fuqha aktar tard b'mod partikulari fuq ir-reception date taghha mnizzla misterjozament 16-Dec-19, kwazi mat-3 xhur qabel. Imma l-problema hi li bhal f'din l-email u fl-email ohra li baghttuli erga qabel fis-6-Mar-20 2020, 2:17 PM, din l-applikazzjoni [DS/233/19](#) kontu semmejt li tawtorizza biss (cioe d-Description of Works taghha kienet) **"THE SHORING UP OF THE BUILDING in order to safeguard third parties and stop further damage/collapses until an application for development permission is submitted to the Authority."** Imma nkredibilment jekk tfittex illum din l-istess applikazzjoni [DS/233/19](#) issib li d-Description of works taghha u ta' l-imsemmija [PA/02239/20](#) gew ezattament identici bl-istess kliem, u cioe: **Mount Carmel Hospital Male Ward 3A-3B Dangerous Structure Demolition and Reinstatement of the soil surface.** - ara x'vilita meta f'dik l-ahhar email tal-11-Mar-20 kontu semmejtuli li din DS/233/19 **"IN NO WAY authorises demolition works."** Allura naghmillha tal-bahnan, kieku veru l-applikazzjoni DS/233/19 kellha dan id-description of works, x'kien l-iskop li jergghu japplikaw b'applikazzjoni ohra [PA/02239/20](#) ghall-ezattament l-istess xoghol u jispicaw jehlu l-ispejjez

doppji meta dawn dejjem jaraw kif se jfottu b'hafna u hafna drabi jaghmlu xogholijiet illegali galor minghajr l-anqas biss issir applikazzjoni kif infurmajtkom bihom fl-emails precedenti. B'min tridu tghaddu z-zmien u toqghodulix idduru mal-lewza ghax wahda DS u l-ohra PA (setghu applikaw ghal permess tip PA mill-ewwel ghax nassigurak li m'ghamli l-ebda tip ta' "shoring up"). L-applikazzjoni DS/0233/19 **MA KELLU QATT JINBIDLILHA U JIGI FFALSIFIKAT IL-KLIEM ORIGINALI TAGHHA** u dan sar malizjozament propju mill-Planning Authority biex tkun aktar vili wara li jien irrapurtajt l-abbuzi fuq din il-blokka bhala konferma li tridu tahbu l-isparpaljar ta' flus galor f'dan l-isptar fejn din il-blokka MW3A/3B se jwaqqghuha ghalxejn fuq rapport fazul ta' perit li l-ftit hsara fix-xibka ta' saqaf kabbarha li hemm bzonn titwaqqa' blokka shiha. Qed tghinuhom ifittxu jwaqqghuha mill-aktar fiss possibli halli jahbu kull evidenza li din il-blokka se tkun qed titwaqqgha PURAMENT ghalxejn u hekk frodament, u allura qed tkunu komplici ma minn qed jaghmel reat kriminali (nirreferi ghall-applikant Stephen Sultana, ic-CEO tal-isptar u l-awtoritajiet tal-isptar), kaz ta' frodi sfaccat, addirittura sparpaljar ta' flus / kapital tal-poplu biex tkun aktar vili u intom qed taghtu s-support kollu lill-frodisti bhal dawn. Ma nafx jekk il-perit frodista li ghamel dan ir-rapport falz / [visual survey](#) fejn iddikjara li l-binja hemm bzonn titwaqqa' hux l-istess wiehed imqabbad mill-awtoritajiet tal-isptar u imnizzel f'dawn l-applikazzjonijiet, certu Sergio Leone. Fettiilli nara min jahbat dan l-illustru perit u nkredibilmment sibt li ghadu kif [inghata l-warrant ta' perit](#) propju s-sena li ghaddiet fl-2019 biex tkun aktar vili – daqshekk l-awtoritajiet tal-isptar qed jaghmlu uzu minn perit tal-esperjenza, jekk mhux barrani wkoll bin-numru tal-Identity Card tieghu tispicca bl-ittra A dik li kienet t'fisser Alien / barrani (tista' tahseb kemm fil-kaz hu aggornat mas-sistema ta' Malta komparat ma wiehed minn dejjem Malti). Rigward fejn semmejtu *“Finally, the remaining matters highlighted in your email, do not fall within the remit of the Planning Authority. Any claims regarding corruption and misappropriation of funds should be referred to the respective local investigative bodies.”* Mela ha nispegalkom il-punt b'mod semplici. Jista' qatt ikun hemm tifel li jirraporta lis-surmast li l-ghalliem abbuza u dan forsi l-aktar iwissi lill-ghalliem u ma jindenjax jiehu l-inizjattiva HU STESS kif fid-dover li jaghmel billi jinforma lill-Pulizija HU STESS li mhux ghax ikollu interessi ulterjuri? Kif ghidtilkom fl-emails precedenti, lill-awditur kont infurmajtu imma ma hax passi (addirittura minn zmien meta din il-blokka kien ghad fiha l-pazjenti), l-anqas ma gie fil-post biex nurih l-affarijiet hekk serjissimi li jien allegajt – nistaqsi jekk tridu t'farfru ftit mir-responsabilta taghkom u l-komplicita taghkom bhala PA, ghax ma tghaddux l-emails bir-ritratti li baghattilkom intom stess lill-awditur kif ghidtu li se taghmlu fuq affarijiet ohra taghdduhom lill-ERA, halli l-awditur jerfa' r-responsabilta hu wkoll. Ghandi l-emails li baghattli jien stess x'nuri li nfurmajtu jekk irrid imma jekk ikun hemm imbuttura min-naha taghkom dejjem ahjar ghax sa certu punt forsi jelimina s-suspett hekk ovvju tal-involvement taghkom f'dan il-cover-up fl-isparpaljar ta' flus il-poplu. Nista' jien ngharraf lill-ufficjal pubbliku / awtorita b'abbuz hekk gravi, sparpaljar sfaccat ta' flus il-poplu f'dan il-kaz, u dan l-ufficjal ifarfar mir-responsabilta u addirittura minflok jara kif jghin minn taht lil min qed jaghmel l-abbuz billi johrog il-permess malajr kemm jista' jkun ghat-twaqqiegh halli tigi eliminata l-evidenza? Ghax ma tikkonsultawx mal-awditur qabel tohorgu l-permess ghat-twaqqiegh darba jien qed naghmel allegazzjonijiet fosthom ta' sparpaljar ta' flus il-poplu, halli tghabbuh bir-responsabilta? Ghax ma tigux fil-post u flimkien mal-awditur u mieghi, propju jien li qed naghmel allegazzjonijiet hekk serjissimi, induru l-postijiet koncernati wiehed wara l-iehor, kollha kemm huma. Mhux ovvja li ma tridux ghax ghandkom interessi ulterjuri, li assolutament ma tinteressakomx l-evidenza u tigu taraw kollox b'ghajnejkom stess, ghax minflok l-interess veru taghkom hu kif se taghmlu cover-up lil min hu frodist.

As indicated in the original response, the containers have been allegedly placed/stored within the confines of the complex which does not amount to a material change of use of land, hence not breaching planning regulations. The issues highlighted in your response, particularly the type of material and content of these containers, relate to waste management operations which do not

fall within the remit of the Planning Authority. You may wish to refer your concerns to the respective entity i.e. the Environment and Resources Authority (ERA).

Fit-13-Mar-20 u fil-jiem qrib gew inehhu whud mill-containers li kont immarkajtilkom li qedghin fl-isptar (ara ritratt **HWHRemovalContainer_13Mar20.jpg** fejn jidher crane qed jghabbi fuq trailer container, dak li kont immarkajtilkom bin-numru 7). Dawn kienu ilhom hemm xhur, whud minnhom snin, imma taf int, inzerta f'temp ta' ftit zmien mindu rraputrajthom lilkom, propju biss jumejn mid-data tal-email taghkom li ghalha qed issa nirrispondi li fiha ghidtuli *"the containers have been allegedly placed/stored within the confines of the complex which does not amount to a material change of use of land, hence not breaching planning regulations"* gew inehhuhom. Altru li mhux semplici ko-incidenza li dak li ma garax f'mitt sena kellu jsir f'legha ta' berqa, ma tarax. Ghalija hi l-konferma li kontu konvinti mill-illegalita taghhom, li kienu qed ihalluhom hemm b'kapricc u mhux b'konnesjoni ma xoghol li kien qed isir, imma bhala store / scrapyard fil-maghluq tal-imbarazz, ecc. u allura bhal ghidtulhom "nehhuhom u naghmlulkom COVER-UP, kollox jghaddi qisu qatt ma kien xejn, lanqas multa ma nwahhluqom ta' dawn l-illegalitajiet talli ghal tant xhur / snin okkupajtu u hallejtuhom mitluqa fil-post." Ara ghal haddiehor konvint li kontu timmarkawlu l-post fuq il-Map server bl-ahmar u twahhluh xi multa.

As per standard procedure, the outcome of the investigations and a decision on the way forward will be communicated once investigations are concluded.

In line with the clarification provided in point 1 above, internal scaffolding i.e. "gakkijiet" are not considered to constitute development, hence they are not deemed to be illegal. Furthermore, from the photos provided there seems to be no evidence that the windows have been replaced with apertures of a different element/material to a degree that materially affect the external appearance of the building. Hence, no action can be taken in this respect.

Allura l-applikazzjoni [DS/083/19](#) li tirrigwarda *"Installation of temporary measures to make safe dangerous structures (concrete timber beams with stone slabs & steel beams with stone slab roofs)"* ghalxiex u ghal-liem post qed tirreferi. Skont intom f'hiex jikkonsistru u x'jikklassifikaw bhala t-*"temporary measures"* li ghalihom saret din l-applikazzjoni? Ezempju bhal kieku naghmel travu tal-hadid ghal wiehed tnejn u aktar u nigi nivvintalkom li taparsi ghamiltom temporanjament meta fil-fatt inhallihom hemm ghal dejjem fil-post, u b'hekk inkun evitajt li naghmel applikazzjoni ghal xi haga permanenti? Se tinvestigaw dawk l-affarijiet li suppost qalulkom li huma *"temporary measures"* kemm verament huma temporanji jew minflok fil-fatt dahku bikom ghax huma xi haga permanenti? Qed nirreferi fosthom ghax-xogholijiet li saru bhas-soltu illegalment f'FW3B kif kont indikajtilkom b'ritratt **FW3B.JPG** u skont intom taf jaqghu taht din l-applikazzjoni [DS/083/19](#). Allura jekk dawk it-travi jiffurmaw parti mit-*"temporary measures,"* nispera li kontu qed tistennew applikazzjoni ohra mill-awtoritajiet tal-isptar biex dawn jinbidlu f'xi haga permanenti u aktar sigura, cioe nassumi li jinqala' s-saqaf fil-partijiet koncernati flimkien ma dawn it-travi SUPPOST TEMPORANJI, u jsir is-saqaf mill-gdid bit-travi tal-konkos u mhux b'tal-hadid l-beams – ma nahsibx li saqaf li ddikjrawh li kien qed icedi u hekk gravi li dehrilhom idahhlu dawk it-travi kollha se tikkunsidrawh issa sigur. U nispera li fil-postijiet li mmarkawlkom bhala li se jaghmlu xogholijiet ta' *"temporary measures"* minhabba l-gravita taghhom hadtu hsieb li jekk kien hemm xi swali tahthom gew evakwati mill-pazjenti flok hallejtuhom fil-periklu sakemm kienu ghaddejjin dawn it-tip ta' xoghlijiet massicci ta' suppost temporary measures fazulli. Mhux talli dan ma sarx talli fejn fosthom saru travi f'FW3B hemm swali FW3A u HWH taht li qatt ma tbatlu sakemm sar dan ix-xoghol massicc ta' nstallazzjoni ta' dawn it-travi (m'ahniex qed nitkellmu fuq bicca travu ta' kilo u nofs, ifhmuni, nahseb fihom tal-anqas 24 pied tul kull wiehed uhud minnhom). Ukoll meta qalghu l-aperturi fil-blokka ta' MW3A u MW3B fuqha (dik immarkata blu), insaqsi jekk dawn skont intom jiffurmawx parti mit-*"temporary measures to make safe dangerous structures"* ghax jekk hu hekk tigi li qed

jghaddukom litteralment biz-zmien u l-anqas qed tindunaw bil-kontradizzjoni taghhom li jibghatu il-haddiema jaghtu bil-mazza u l-iskarpell ala salvagga biex jirriciklaw bicca tieqa / bieb fi blokka li fl-istess nifs qed jghidu li hi struttura hekk ta' periklu li jehtieg titwaqqa' u jissograw hajjet in-nies (forsi bicca tieqa riciklata ghandha valur wisq aktar minn hajja ta' bniedem?). Fi blokka li frodament ivvintaw li qed tiggarrat u ghaldaqstant iridu jwaqqghuha, x'inhu l-iskop li tahli l-flus f' "temporary measures" – ma nahsibx li f'salt wiehed giet hekk imminenti li se taqa' u filli kien qghad fiha l-pazjenti u filli se tiggarrat fuq toroq pubblici u propjeta ta' terzi persuni (eg karozzi) u kien hemm bzonn jaqghlu t-twieqi biex litteralment aktar idghajfu l-istruttura, forsi ma tafx kif jghinu fil-process tat-twaqqiegh ghax taqa' wahedha, addirittura u vilment qabel johrog il-permess [PA/02239/20](#) ghat-twaqqghieh (tafu sew li kieku veru kienet qed iccedi u se taqa', kienet issir talba biex l-applikazzjoni tigi pprocessata mill-aktar fiss possibli u mhux joqghodu jahlu l-hin jistennew sakemm jasal il-mument taghhom, l-anqas semplici xahar kif jidher li se jsir biex malizjozament jithaffef il-process ghat-twaqqiegh ghal ragunijiet ohra biex tinqered l-evidenza tal-frodi massicc ta' flus il-poplu).

Following the clarifications provided from your end, further investigations will be undertaken to determine if the alleged works in FW2 are covered by DS/083/19 or PA/03470/19. Complaint registered for further investigations bearing reference CM 703/20.

The photo provided shows the removal of apertures, which as indicated in the response for point 1., does not constitute a breach of planning regulations. Nonetheless, rest assured that if throughout the investigations conducted by the Compliance & Enforcement Directorate, other illegal works (within the complex) will be noted, the necessary action will be taken.

As indicated in the original response, the fixing/placing of the ladder and installation of vents are not considered to constitute a breach of planning regulations, particularly since they are not visible from a schemed road. Furthermore, it must also be clarified that whilst the buildings might have architectural value, they are not scheduled, hence interventions as reported in your email would not necessarily warrant a planning application. The alleged use of the ward to serve as an artefact museum since 2002, does not amount to a material change since the main use of the complex as a mental health hospital has been retained. Other concerns relating to rodents should be brought to the attention of the hospital's Management or to the Environmental Health Directorate.

Allura fuq din, ghandi ghalqa fl-imwarrab qalb il-kampanja u fiha ghandi kamra tidher minn triq pubblika imma nassumi li peress li ma tantx jghaddu karozzi minnha taqa' taht illegalitajiet li nkun nista' naghmel galor u sfaccatament ghax "not visible from a schemed road". Behsiebni nikkopja l-ideja ta' dawk l-illustri tal-isptar biex bhalhom ninstalla xebgha katusi weqfin fuq il-bejt taghha, x'nitnejjek. Din il-kamra hi antika sew u bi storja maghha imma taf int mhux scheduled u allura bir-ragunar taghkom nassumi li daqsant iehor jien m'ghandix naghmel applikazzjoni biex nibda x-xoghol bil-katusi li se nwahhal li se jkunu jidhru minn barra minn triq mhux scheduled, u ma jimputax jekk ikunu jkerhu l-kamra u jistonaw mal-ambjent tal-madwar. Jekk ma nircivix risposta fuq din, nahseb bi sfida naghmilhom veru ha naraw x'jigri fil-kaz tieghi, cioe hloqtu precedent li jekk dawk il-kruha ta' katusi fuq il-bejt ta' MW10 (dik li kont immarkajtlikom kulur orangjo) huma accettabli ghalikom, Cikku l-bidwi ghall-kamra fl-ghalqa tieghu jista' jaghmel l-istess, u ghal naqra nevolv, u flok ringiela ta' katusi weqfin inwahhlu ringiela b'xi haga ohra wkoll, u kif ghidt fl-emails precedenti, il-PA tkun tista' tmur tindifen u nsiru bhal Primittivi tal-gungla kulhadd jaghmel li jrid bla permess ta' xejn. B'min tridu titnejku? Fejn semmejtu "*The alleged use of the ward to serve as an artefact museum since 2002*" jew fhimtuni hazin jew sfaccatament tridu ddawru l-kliem. Ha niccara l-punt. Jien minflok ghidtilkom li din MW10 mindu inghalqet (2002 jew xi snin wara) spiccat scrapyard tal-museum artifacts

(ergghu araw ritratti li baghattilkom **MW10_MuseumArtefacts.jpg**). Meta semmejtu “*Other concerns relating to rodents*” qed tikkontradixxu lilkom infuskom u tikkonfermaw intom stess li kontu fhimtuni sew li MW10 altru ma gietx mibdula “*to serve as an artefact museum,*” tridx tmur – fil-fatt din hi l-vizjoni tieghi ta’ x’ nixtieq li jsir minn dik li kienet l-infami MW10, cioe estensjoni tal-muzew b’affarijiet antiki – zgur li nies bla kultura bhal l-awtoritajiet tal-isptar li litteralment jarmu dawk l-affarijiet antiki ala selvazza kif muri fir-ritratt imsemmi qatt ma kellhom il-hsieb li jaghmlu muzew minnha – fil-fatt minflok tellghu dawk il-kruha ta’ katusi fuq il-bejt taghha flok irrestawrawha – daqshekk huma nies ikkulturati u ghandhom ghal qalbhom il-wirt storiku.

Rigward applikazzjoni [PA/09799/19](#) (To replace existing roof and window lintels and restoration of part of wall), qed nibghatilkom ritratti **MW7Ext_StoneSlabs_19Mar20.jpg** datat 19-Mar-20 li juri diversi xorok li nqalghu mis-saqaf ta’ dik li kont immarkajtilkom bil-kulur ahdar (xi Extension ta MW7?), u ritratt **FW7_StoneSlabs_19Mar20.jpg** datat ukoll l-istess gurnata ta’ saqaf f’FW7 (dik li kont immarkajtilkom bir-roza) fejn f’dan il-kaz jidher saqaf nofsu diga zarmat mix-xorok. Il-problema hi li din l-applikazzjoni [PA/09799/19](#) ghanda Target Date: **18 April 2020** (ara ritratt screenshot **PA_09799_19_2.jpg**) u Board Agenda Date: **24 April 2020**, zewg dati li fadlilhom gimghatejn ohra biex jigu u allura tigi li dawn gew jitnejku mill-PA, u qalghu l-aperturi (dak ta’ FW7 b’hekk hadtu r-ritratt ghax kienu ghadhom kif qalghu t-tieqa tal-injam) u bdew bix-xoghlijiet jaqghlu x-xoroq qabel waslet l-approvazzjoni tal-PA ghal dan (ghax taf int, donnu jafu sew u minn qabel li se tapprovawilhom din l-applikazzjoni u li dejjem lesti tghattulhom l-illegalitajiet taghhom). Din mhux l-ewwel kaz li gharraftkom bih ta’

- 1) xoghlijiet li jkunu bdew minn ferm qabel fil-fatt inhareg il-permess biex isir tali xoghol,
- 2) jekk qatt fil-fatt tkun saret applikazzjoni ghal dak it-tali xoghol,
- 3) jew jispicca jsir xoghol ferm aktar b’mod illegali milli ghalih ikun inhareg il-permess fl-applikazzjoni.

Jekk forsi fl-ohrajn forsi kellkom id-dubju ghax hadd ma ndenja jinfurmakom minn qabel, f’din tistghu tikkonfermaw bil-fatti billi tigu fil-post illum qabel ghada qabel it-Target Date: **18 April 2020** kemm verament din hi n-norma f’dan l-isptar li jsiru xoghlijiet strutturali kbar b’mod illegali ferm qabel fil-fatt ikun hareg il-permess jekk qatt tkun saret applikazzjoni, x’jitnejku minkom minn fuq li sfaccatament tabbuzaw mill-pozizzjoni taghkom biex tghattulhom l-abbuzi taghhom. Ukoll l-aperturi f’din FW7 kienu tal-injam, imma nassumi li se jagmluhom tal-aluminium – allura nassumi li parti minn din l-applikazzjoni hemm imnizzel l-materjal differenti minn x’hiex se jkunu maghmulin, imma jekk le, nistenna li tordnawilhom jergghu ipoggu l-istess dawk l-originali tal-injam jew materjal simili bhal li kien hemm. Ukoll meta kont baghattilkom fl-emails precedenti dak ir-ritratt **FW3B_ThenNow.jpg** kif din is-sala (blokka li kont immarkajtilkom bl-ahmar car) kienet tidher f’ritratt minn Google Imagery tal-2016 u kif tidher illum, ukoll jidher li nbidlu l-aperturi qabel inhareg il-permess ghal dan u anki saru b’materjal differenti ghal darba addirittura tnejn – it-twieqi originali li xi darba snin ilu kellha din il-ward x’aktarx kienu tal-hadid kienu nqalghu u ntremew biex setghu isiru diversi xogholijiet b’mod illegali bhal installazionijiet ta’ diversi travi tal-hadid u f’xi partijiet anki saru soqfa godda, imbaghad ghamluhom it-twieqi mghattijin bil-plywood / chipboard kif jidhru fir-ritratt, imbaghad ghal aperturi tal-aluminium kif jidhru issa. Ma naghmlux mod li taghlaq tieqa bil-plywood jikkwalifika bhala “temporary measures” imma li zomm saqaf bil-jakkijiet le hux? Fejn semmejt li saru soqfa godda f’xi partijiet f’din il-ward FW3B ifisser ghal darb’ohra li ma qadghux jistennew l-approvazzjoni tal-permess [PA/09799/19](#) (To replace existing roof ...), bhas-soltu x’jitnejku mill-PA, aktar u aktar meta jafu li dawk fil-PA lesti jaghmlu reati kriminali huma stess biex jghattu l-illegalitajiet u l-abbuzi tal-awtoritajiet tal-isptar, bhal nghidu ahna sfaccatament jibdlu u jiffalsifikaw d-*Description of Works* originali ta’ aplikazzjoni/jiet.

Ukoll f'din l-istess parti li kont immarkajtilkom bl-ahmar car fejn tkellimt fuq FW3B, fil-part ta' taht ta' din il-blokka fejn hemm il-HWH (apparti l-bicca l-ohra li tigi FW3A) kienu ghamlu xoghol illegali bla permess bhal partitions bil-gebel (kont semmejtikom xogholijiet simili f'dik il-parti mmarkata bl-ahdar xi extension ta' MW7) u

- 1) fosthom tal-anqas wahda minn dawn il-btiehi zghar interni (jidhru 4 btiehi zghar f'kull kantuniera tal-blokka, wahda minnhom fiz-zgur) kienet kwazi inbniet kollha fl-ewwel sular biex iffurmaw kcina f'din li kienet bitha,
- 2) ghamlu partition bil-gebel f'parti mill-kuritur, u
- 3) hemm tarag li bnew hajt tal-gebel mieghu dawramejt imiss mall-poggaman. Dan appartu li kont semmejtikom fl-emails precedenti li,
- 4) il-gnien kbir li kien hemm fin-nofs ta' din il-blokka kienu vilment wittewh bil-konkos. Appartu dan, jidher li originarjament taht FW3B kienet kollha sala FW3A imma maz-zmien, bhas-soltu b'mod illegali,
- 5) kienu qasmu din FW3A b'partitions biex giet izghar milli kienet u l-parti li baqa' minnha saret l-imsemmija HWH (Half Way House).

Issa nigu ghall-applikazzjoni li misterjozament tfaccat mindu l-ahhar kont ktibtilkom, propju dan l-ahhar fuq il-mapserver tal-PA, cioe dik imsemmija qabel [PA/02239/20](#) (*Mount Carmel Hospital Male Ward 3A-3B - Demolition of the building and reinstatement of the soil surface*). Kont issuspettajt li se jigri xi haga simili u lura fit-3-Mar-20 kont ghamilt recording ta' kulma jidher fuq l-iscreen tal-laptop waqt li wahda wahda kont qed indur l-applikazzjonijiet kollha fuq il-Map server li sa dak iz-zmien kienu saru ricentament ghal xoghlijiet f'dan l-isptar Monte Carmeli. Imma propju din [PA/02239/20](#) ma tfatcatx dakinhar minkejja li tidher illum b'Reception Date mmarkata **16-Dec-20**. Ma tantx nizzilt li din id-data, u bla ma trid jidhollok suspett aktar milli diga jkollok, u fil-fatt meta ccekjajt ir-ritratt tal-applikazzjoni li wahhaltu mal-gate tal-isptar u nizzilt mill-istess website tal-PA, cioe **331481.jpg** hawn attached, sibt li fiha hemm imnizzel Publication date: **8 April 2020** u Printed: **26 March 2020**. Iccekkjajt l-applikazzjonijiet l-ohra kemm normalment ikun hemm distakk bejn il-Publication / Printed Date ghar-Reception Date u sibt li normalment dawn ikunu bejn wiehed u iehor ta' xahar u altru mhux ta' 3 xhur, 3 darbiet aktar. Din hi l-konferma ghal darb'ohra tal-indhil tal-PA biex ir-Reception **Expiry** Date gibtuha 13 May 2020 halli tghinu l-awtoritajiet tal-isptar fl-abbuz taghhom fejn blokka li kont immarkajtilkom bil-blu jfittxu jwaqqghuha mill-aktar fiss possibli halli jeqirdu kull evidenza u jghattu l-abbuzi u frodi taghhom darba ghal dejjem (ovvjament ghandi ritratti u videos tal-post imma dejjem ahjar tara l-abbuzi b'ghajnejk stess). Ghidtilkom li fuq semplici [visual survey](#) ikkundannaw mhux semplici saqaf tal-bejt imma addirittura blokka shiha 3 sulari b'kollox u anki baghttilkom ritratti ta' fejn suppost hemm il-hsarat (**MW3A3B_Wards_2.jpg**) li jkompli jikkonferma kemm kollox hu fazull, MHUX VERU HEMM HSARA LI JEHTIEG TITWAQQA' L-BLOKKA, imma hsara li sempliciment tinvolvi rrangar fejn faqqghet ix-xibka b'semplici tikhil mill-gdid b'materjal apposta, kif fosthom ghamlu f'FW3B li mhux semplici hsara f'parti zghira minn saqaf kellhom imma addirittura tista' tghid is-saqaf kollu dawra mejt tal-blokka kollha hu mraqqa jew addirittura kellhom jibdlu s-saqaf fit-tali partijiet. Din l-applikazzjoni [PA/02239/20](#) biex jisparpaljaw flus il-poplu iwaqqghu blokka hekk b'kapricc u ghalxejn, tant hi sfaccatament vili u tal-misthija, li kif jghidu l-Inglizi, to sugar the pill, fid-deskrizzjoni taghha nizlu li se jaghmlu "*reinstatement of the soil surface*," biex tara x'gest nobbli hareg propju minn dawn il-fazulli u faccoli awtoritajiet tal-isptar meta l-Gvern biss biss ghandu waiting list enormi ta' xjuh li jridu jidhlu f'San Vincenz de Paul fost l-ohrajn tant kemm m'ghandux postijiet fejn izomm aktar. IL-FATTI IMMA HUMA LI DAWN TANT JIGU JITNEJKU MILL-AMBJENT li

- 1) ghamlu scrapyard fl-isptar stess ghal wahda tnejn (kont baghattikom ritratti **Scrapyard.jpg** u **Scrapyard2.jpg**) u

2) I-hamrija li f'dik il-parti li kont immarkajtilkom ahmar skur kienu gabu l-kuntrattur bl-iskips biex flimkien mat-terrapien rema xi hamrija (ritratt li kont baghttilkom **BoundaryWall_moreWorks.jpg**) u,

3) addirittura f'dik il-blokka mmarkata ahmar car li ghadni kif semmejt, il-gnien kbir li kien hemm fin-nofs taghha ramewlu tista' tghid il-hamrija kollha tieghu hlief ghal ftit irqajja biex wittew kull m'hemm bil-konkos (vilment x'aktarx tefghu l-konkos fuq parti mill-istess hamrija tant li ghadu jtella l-haxix fejn ghamlu bhal gandotti tal-konkos, ara ritratt **FW3B_HWH_GardenConcrete.jpg** – din tal-gnien li wittewh bil-konkos kontu semmejtuli li qed tinvetigawha: *Complaint registered for further investigations bearing reference CM 670/20.*

Bhas-soltu u bhal kwazi dejjem xogholijiet b'mod illegali u bla permess – dawn jigu jitnejku mill-PA, mill-ligijiet, tahseb li se tugghahhom zaqqhom ghall-ambjent u ghall-hamrija? Tridu tkunu jew imbecillati jew bil-wisq aktar probabli li ghandkom interessi ulterjuri biex temmnu li l-iskop minn dawn it-tip ta' nies hekk bla kultura u frodisti hu r-*“reinstatement of the soil surface.”* Hi prova ohra ta' kemm litteralment jitnejku bikom kif iridu ghax ovvjament wara snin jaghmlu li jridu b'xogholijiet illegali u bla permess u qatt ma hadtu passi kontrihom, jafu sew li m'intomx se tiehdu passi issa ghax ghandhom esperjenza bizzzejjed ta' x'issarf, bla sahha mal-kbir. Jekk verament iridu jaghmlu l-hamrija, din ir-*“reinstatement of the soil surface,”* nispera li ma jghaddux xi snin u joholmu b'xi monstru iehor tal-konkos minflok u ghaldaqstant nistenna li biex ikun zgurat li DAN QATT MA JSIR u tibqa' bil-hamrija kif qed iweghdu dawn il-frodisti u faccoli li se jaghmlu, fejn hemm din il-blokka li mmarkajtilkom bil-blu li se titwaqqa' (ghax ovvjament konvint li se tohogulhom il-permess minghajr ma titolbu parir dwar jekk hemmx frodi kif qed nallega u baghattilkom ritratti biex niprova dan) trid issir darba ghal dejjem ODZ – OUTSIDE DEVELOPMENT ZONE – irrid garanzija li hemm ma tinbena qatt jew inkella intom tal-PA tkun il-veru 100% komplici f'dan il-frodi hekk sfaccat ta' flus il-poplu (tigi li tafu li din il-blokka se jwaqqugha ghalxejn biex suppost issir bil-bicca tal-hamrija ghal kwistjoni ta' ftit snin kollox u 'l quddiem qed tistennew bi hgarkom applikazzjoni ghal zvilupp bis-soltu konkos – jekk l-art qed iccedi u ma nafx x'ma vvintawx aktar, hemm aktar fejn issir ODZ halli zgur qatt ma terga tinbena u dawn il-frodisti awtoritajiet tal-isptar jkun nqlew f'zejthom stess, apparti li hemm l-iskuza li qedgħa vicin wied). Apparti dan, jekk jaghmluha bil-hamrija u wara xi snin joholmu jergghu jibnuha, dan isarraf inevitabilment f'telf ta' hamrija minhabba l-garr taghha ghal darba ohra biex titnehha mill-post (tghid mhux se jigu bil-kazzola u l-pinzell biex jigbru kull laqxa hamrija, l-aktar jekk igibu lil tal-gaffa kif ghamlu f'dik il-parti li mmarkajtilkom bl-ahmar skur, ritratt **BoundaryWall_moreWorks.jpg**).

Nahseb li sa certu punt hadtu r-ruh meta aktar qabel semmejt l-applikazzjoni [PA/09799/19](#) u ikkwotajt id-Description of Works kif MALIZJOZAMENT dawwartuha fil-mument, cioe l-imsemmija: *To replace existing roof and window lintels and restoration of part of wall* – litteralment u bil-fatti ffalsifikajtu ghal darb'ohra d-Description of Works ta' applikazzjoni. Dan ghax din [PA/09799/19](#) skont kif jidher mill-applikazzjoni li wahhaltu intom stess mal-gate tal-isptar u anki nizzilt kopja tar-ritratt mill-Mapserver tal-PA stess (ara ritratt **321548.jpg**) kienet originarjament *“To demolish existing diesel room and reconstruct.”* U allura ta' frodisti daqstant iehor intom stess tal-PA qed tikkonfermaw il-cover-up sfaccat taghkom tal-illegalitajiet u l-abbuzi sfaccati li gharraftkom bihom tal-awtoritajiet tal-isptar, flok bhala awtorita hadtu passi kontrihom kif fid-dmir li taghmlu, kif taghmlu ma bniedem komuni (din [PA/09799/19](#) inzerat kienet applikazzjoni li la jien u l-anqas intom ma qatt issemmiet fl-emails precedenti, u allura bhal inqdejt biha min ghalikom ma nafx bil-bicca biex tghadduni biz-zmien). Ara x'vilita, ara x'reat kriminali gravissimu, propju min-nies li qedghin f'pozizzjoni li jipprevenu reati simili, min-nies imhallsa minn flus u mit-taxxi tal-poplu jispiccaw jghinu lil min irid jisparpalja hekk sfaccatament flus il-poplu (cioe l-poplu qed jehilha doppju u aktar). Possibli taslu li taqghu ghal dan il-livell hekk baxx ghax nahseb gejna f'punt li l-veru missejna l-qiegh. Addirittura ghal darba

tnejn, kif ma tisthux, kif ghamiltu wkoll fil-kaz ta' [DS/083/19](#) li tkellimt fuqha aktar qabel li wkoll bdiltulha d-Description of Works. Jien hadt l-intrigu nirraporta l-abbuzi u nahli hini u nigri 'l hawn u 'l hemm u nissogra litteralment hajti u nigbor kull evidenza b'ritratti u videos, naghmel id-dover tieghi bhala wiehed li mit-taxxa li hallast matul is-snin ghandi dritt nistenna li flusi u flus il-poplu ma jigux hekk sfaccatament sparpaljati fix-xejn u ma jintefqux f'awtorita li taghmel l-oppost ghall-inkarigu li ghalih hi mohluqa, u intom timmanuvraw minn taht biex taghthulhom l-illegalitajiet. Nghidilkom bl-Ingiliz ghax aktar joqghod tajjeb il-kliem: NOT REPORTING MAKES YOU COMPLICIT, u jekk lill-awtorita li lilha tirraporta taghmel frodi bhal dan minn taht x'jaghmilha, mhux komplici biss imma l-membri taghha u dawk responsabbli frodisti bil-pedigree biex jahbu reati kriminali. Qisu wiehed li jikkommetti perjury fil-Qorti, jixhed falz intenzjonalment u jaghwweg il-fatti biex lill-kriminal (l-awtoritajiet tal-isptar) igibu nnocenti, u lill-innocenti (jien li qed nirraporta u nressaq ritratti bhala evidenza tal-illegalitajiet u tal-frodi massicci) igibu l-kriminal ghax jigi ghamel l-allegazzjonijiet foloz u addirittura ddur kontrih. Jew qisu tifel li jirraporta lis-surmast li l-ghalliem abuzzah u dan mhux talli ma jiehux passi fuq reat gravissimu bhal dan talli addirittura jghattilu u jimmanuvra ma l-ghalliem biex aktar jivvendika ruhu mit-tifel. Dan b'kuntrast ma li taghmlu ma bniedem komuni li kieku jazzarda jaghmel xi haga llegali, tispicaw timmassakrawh bil-multi u ttelegghulh il-Qorti u timmarkawlu l-propjeta tieghu bl-ahmar fuq il-map server taghkom. B'min min ghalikom tridu tghaddu zmien.

Din li malizjozament tibdlu u tiffalsifikaw id-dettalji ma ghamiltuhix biss fil-kaz tal-illegalitajiet tal-isptar Monte Carmeli, ghamiltuha fuq progett massicc li qanqal tant kritika fil-media – f'dak il-kaz f'2 applikazzjonijiet kontu bdiltu l-isem tal-applikant, id-Description of Works kien baqa' l-istess – imma fuq dan ghadni qed nahden fuqha u peress li sa certu punt jinvolvi kaz politiku, mhux se nhabbel rasi ninforma lill-frodisti bhalkom u li donnu m'ghandkom assolutament l-ebda rimors li tidhru ta' frodisti u tassocjaw ruhkom ma frodisti. Sa certu punt m'hiniex qed nirreferi ghalikom, **Kathleen Grima** u **Kimberley Buttigieg**, li kellkom dicensa tirispondu l-emails rispettivi li baghat lill-customer care tal-PA (nispera li mhux ismijiet ivvintati ghax minn awtorita li taghmel frodi ta' dan it-tip, stenna min kollox) u sa certu punt ghintuni ninkrimina lill-istess PA, imma fl-istess hin, peress li jidher isimkom ma nistghax ma nzomkomx responsabbli ta' dan il-frodi hekk sfaccat mill-PA jekk tonqsu milli tinformaw abbuzi bhal dawn lil min tahsbu li verament f'gieh is-sewwa jista' jiehu l-passi li hemm bzonni. Ftakru li haddiehor li fil-fatt wettaq jew wettqu l-abbuzi gew jaqghu u jqumu minnkom, deffes isimkom fin-nofs flok ismu biex hu / huma jibqghu jilghabuha tal-innocenti u jkunu jistghu jibqghu jpappuha. Nerga nghidilkom NOT REPORTING MAKES YOU COMPLICIT. Jekk ma tiehdux passi, tkunu qed tikkonfermaw l-involvement DIRETT taghkom fil-bicca, waqt li jekk tiehdu passi jfisser li hemm OHRAJN involuti u l-origini ta' kollox. Fil-mument isimkom mnizzel fl-email jaghmilkom il-komplici. Jekk tridu flok komplici tisghu minflok tkunu xhieda billi tinkriminaw minn fil-fatt hu l-komplici.

Il-parir tieghi hu biex ma tkomplux tippregudikaw il-pozizzjoni taghkom ghax nistaqsi kif b'din l-evidenza kollha b'videos u ritratti tal-postijiet concernati f'idejja u b'dawn l-emails bhala digital proof qatt tistghu taharbu mir-responsabilta. Biex tkun kompluta, xi jiem jew forsi xi gimghat ilu, ghadni kif hadt jew hadu ritratti u videos tal-illegalitajiet f'FW3B, dik il-blokka mmarkata bl-ahmar car (araw ritratti **FW3B_Illegalities.jpg**). F'dan ir-ritratt jidhru diversi travi tal-hadid li gew installati u soqfa li saru mill-gdid minn hafna kollox b'mod illegali minghajr applikazzjoni quddiem il-PA. Kont zbaljat meta fl-emails precedenti ghidtilkom li kienu nstallaw xi 3 travi, issa li dhalt / dahal haddiehor fil-post nikkonferma li fil-fatt installaw minghajr permess bizibilju minnhom! Dawn nassumi li huma t-"temporary measures" li ghamiltu riferenza ghalihom, taf int, u allura issa nippretendi li tordnawlhom jaqghluhom biex jibdluhom f'xi haga permanenti ghax dak mhux xoghol ikollok saqaf qed icedi u tillapazza ddahhal travi tal-hadid biex izommu flok taghmlu mill-gdid mill-ewwel jew inkella tkunu qed tipperikolaw lill-pazjenti kemm li ghad ikun

hemm f'din is-sala fil-futur kif ukoll dawk fis-sular ta' tahta li diga hemm fil-prezent. Fis-2nd row 1st column ta' dan ir-ritratt, apparti leak tal-ilma tax-xita mis-saqaf (biex tara kemm illapazzawh tajjeb is-saqaf qed icedi bit-travi tahtu, issa 'l quddiem isaddad it-travu u nergghu nigu fejn konna), jidhru dawk li kont ghidtilkom kien hemm fir-registry / arkivji li kien hemm fis-sular ta' taht f'dik il-blokka li kont immarkajtilkom bil-blu u issa dawk id-dokumenti tefghuhom hemm (bil-leak imsemmi tal-ilma fejnhom jekk mhux fuqhom!) kollha kif gie gie - huma diga ma kienux katalogati wara xulxin sena wara sena, u issa aktar gabuhom ottu ta' nies assolutament bla kultura u minghajr ebda rispett lejn l-istorja u r-ricerkatur li 'l quddiem taf ikun irid jaghmel riferenza ghalihom – ma nafx jekk dawn hux komputu ta Heritage Malta: fil-kaz nissuggerixxi li taghrrufuhom intom stess b'dan is-sakrilegg hekk vili jew inkella tkunu aktar qed tikkonfermaw ghal darb'ohra l-komplicita taghkom. Id-data f'dawn ir-ritratti ntenzjonalment ghamilta hazina biex taf jew nahbi meta dhalt jew l-involvement ta' terzi li kienu nvoluti biex ghandi f'idi din l-evidenza u aktar. Dawn il-videos u ritratti tal-illegalitajiet flimkien ma ohrajn diversi f'dan l-isptar flimkien mal-emails li baghat u ircivejt minn ghandkom, 'l quddiem se nitfa' kollox online, ghal beneficciu tal-poplu li ghandu kull dritt li flusu jintefqu sew u l-awtoritajiet jaqdu l-obbligu u jgorru r-responsabilitajiet li ghalihom gew imwaqqfa.

Ghal darb'ohra nistedinkom biex jekk tridu tkunu serji, l-ispezzjonijiet ejjew ghamluhom mill-aktar fiss possibli mal-awditur u flimkien mieghi halli nurikhom l-illegalitajiet u l-frodi kollha mill-awtoritajiet tal-isptar li ghandhom kull interess li jahbu l-abbuzi taghhom biex bhalkom ikomplu jpappuha minn fuq dahar il-poplu jiffrodawh u jiddiehu bih bi flusu stess. Jekk le, tkomplu tikkonfermaw l-ovvju l-aktar ovvju tal-involvement taghkom. Apparti li nispera li ma taprovawx il-permess [PA/02239/20](#) tat-twaqqiegh tal-blokka li kont immarkajtilkom bil-blu qabel tinfirmaw l-awtoritajiet kompetenti l-ohra biex jinvestigaw l-abbuzi sfaccati ghat-twaqqiegh taghha u b'mod partikulari issa li kollox suppost wieqaf minhabba l-virus, u fosthom meta gharraftkom li sahansitra wisq probabli giet iffalsifikata ntenzjonalment r-Reception Date peress li tahbat mat-tlett xhur qabel din l-applikazzjoni giet ippublikata u mwahhla mal-gate tal-isptar apparti l-falsifikar sfaccat ta' dettalji f'applikazzjonijiet ohra biex tghattu reati kriminali. Qabel tapprovaw kwalunkwe applikazzjoni ghal dan l-isptar, nispera li taghmlu investigazzjoni nterna fil-Planning Authority ha taraw min hu l-veru mohh wara dan il-falsifikar sfaccat tad-dettalji fl-applikazzjonijiet u addirittura kull applikazzjoni li nharget s'issa f'dan l-isptar ghandha tigi nvestigata minhabba probabilita ta' abbuzi u frodi simili, u ovvjament kull xoghol li hu ghaddej bhalissa ghandu jitwaqqaf sakemm tinkixef din il-kobba hekk kbira ta' frodi u korruzzjoni. Nispera biss li kont car bizzejjed. Hudu passi issa qabel kollox johrog fil-pubbliku. Fil-mument qed intikom cans tiffacjaw biss lili, 'l quddiem ikollkom tiffacjaw lill-poplu li jkun irid l-ispjega ta' x'inhu jigri hekk vilment minn wara dahru u bi flusu.
